Description

99.1

Press release issued by PC Connection, Inc. on October 29, 2009.

PC Connection, Inc. Reports Third Quarter Results

Third Quarter Summary:

- **Net sales: \$403 million, down 9% y/y**
- **SG&A expense down 12% y/y**
- **Diluted EPS: \$0.11 per share**
- **Cash balance: \$66 million**

MERRIMACK, N.H.--(BUSINESS WIRE)--October 29, 2009--PC Connection, Inc. (NASDAQ: PCCC), a leading direct marketer of information technology (IT) products and services, today announced results for the quarter ended September 30, 2009. Net sales for the three months ended September 30, 2009 were \$403.1 million, a decrease of \$38.4 million or 8.7%, compared to \$441.4 million for the three months ended September 30, 2008. Net income for the quarter was \$2.9 million, or \$0.11 per share, compared to net income of \$3.2 million, or \$0.12 per share, for the corresponding prior year period.

Net sales for the nine months ended September 30, 2009 were \$1,106.5 million, a decrease of \$208.0 million or 15.8%, compared to \$1,314.6 million for the nine months ended September 30, 2008. Net loss for the nine months ended September 30, 2009 was \$5.2 million, or \$0.19 per share, compared to net income of \$13.1 million, or \$0.48 per share, for the nine months ended September 30, 2008. The nine-month periods ended September 30, 2009 and 2008 included special charges that reduced earnings and earnings per share. Had these charges not been incurred, pro forma net income for the nine months ended September 30, 2009 would have been \$3.0 million, or \$0.11 per share, compared to \$14.0 million, or \$0.52 per share, for the nine months ended September 30, 2008. A reconciliation between net loss (income) on a GAAP basis and pro forma net income is provided in a table below immediately following the Consolidated Statements of Operations.

Quarterly Sales by Business Segment:

- Net sales for the small- and medium-sized business (SMB) segment decreased by 16.0% to \$182.6 million compared to the third quarter of 2008, reflecting the reduced capital spending of SMB customers. The SMB segment however increased sales on a sequential basis for the second straight quarter.
 - Net sales for MoreDirect, Inc., the Company's Large Account segment, decreased by 11.4% to \$103.9 million compared to the third quarter of 2008. Large account customers continue to be cautious in their IT spending.
 - Net sales to government and education customers (Public Sector segment) increased by 9.3% to \$116.6 million compared to the third quarter of 2008. Increased federal contract sales and strong K-12 education sales contributed to the year-over-year increase.
-

Quarterly Sales by Product Mix:

- Sales of Notebooks and PDAs decreased by 12% year over year and accounted for 15% of net sales in the third quarter of 2009 compared to 16% of net sales in the third quarter of 2008. Higher unit sales were offset by lower average selling prices, or ASPs, as competitive pricing pressures as well as the growth of netbook sales impacted ASPs.
- Software sales decreased by 1% year over year in dollars and accounted for 14% of net sales in the third quarter of 2009 compared to 13% of net sales in the third quarter of 2008. Strong federal government sales offset slight declines to corporate customers.
- Accessories/Other sales decreased by 3% year over year, accounting for 13% of net sales in the third quarter of 2009 compared to 12% of net sales in the corresponding prior year period. Increased sales of point-of-sale products and mobile computing accessories partially offset the year-over-year decline of other products in this category.
- Desktop/Servers sales decreased by 4% year over year and accounted for 14% of net sales in the third quarter of 2009 compared to 13% of net sales in the third quarter of 2008. Lower unit volumes, partially offset by higher server ASPs, accounted for this decrease year over year.

Gross profit dollars decreased by \$7.0 million, or 13.1%, in the third quarter of 2009 from the corresponding period a year ago due to decreased revenues and lower gross profit margins. Gross profit margin, as a percentage of net sales, declined year over year by 58 basis points to 11.5% in the third quarter of 2009. Continued aggressive price competition led to lower invoice product margins in the third quarter of 2009 compared to the prior year quarter.

Overall annualized sales productivity increased by 1% in the third quarter of 2009 compared to the third quarter of 2008 as an increase in SMB productivity offset decreased productivity in the Large Account and Public Sector segments. Sales productivity in the Large Account segment decreased by 6% year over year due to lower enterprise revenues. Sales productivity in the Public Sector segment decreased by 9% year over year due to increased 2009 headcount added late in 2008. Despite lower revenues, sales productivity in the SMB segment increased by 3% year over year. On a consolidated basis, the total number of sales representatives was 601 at September 30, 2009, compared to 666 at September 30, 2008 and 603 at June 30, 2009. The Company has reduced both sales representatives and sales support headcount over the last year consistent with the year-over-year declines in revenues.

Total selling, general and administrative expenses for the quarter decreased year over year by \$5.6 million, or 12.0%, and decreased as a percentage of net sales to 10.2% for the third quarter of 2009 from 10.6% for the third quarter of 2008. The year-over-year decreases were primarily attributable to reduced headcount and lower variable compensation associated with decreased gross profits.

“During the third quarter, we continued to experience the effects of conservative buying patterns, longer sales cycles, and competitive pricing pressures,” said Patricia Gallup, Chairman and Chief Executive Officer. “While the near-term economic outlook remains uncertain, we feel confident our customers will continue to rely on us to provide the IT solutions they need to run their businesses more efficiently. We believe our core business strategies position the Company well for future success and for creating long-term shareholder value.”

About PC Connection, Inc.

PC Connection, Inc., a Fortune 1000 company, has three sales subsidiaries: PC Connection Sales Corporation, MoreDirect, Inc., and GovConnection, Inc., headquartered in Merrimack, NH, Boca Raton, FL, and Rockville, MD, respectively. All three companies can deliver custom-configured computer systems overnight. Investors and media can find more information about PC Connection, Inc. at <http://ir.pcconnection.com>.

PC Connection Sales Corporation (1-800-800-5555), the original business of PC Connection, Inc. serving the small- and medium-sized business sector (SMB), is a rapid-response provider of IT products and services. It offers more than 150,000 brand-name products through its staff of technically trained sales account managers and catalog telesales representatives, catalogs, and publications, and its website at www.pcconnection.com. The subsidiary serves the Apple/Macintosh community through its MacConnection division (1-800-800-2222), which also publishes specialized catalogs and is online at www.macconnection.com.

MoreDirect, Inc. (1-561-237-3300), www.moredirect.com, provides corporate technology buyers with a comprehensive web-based e-procurement solution and in-depth IT supply-chain expertise, serving as a one-stop source by aggregating more than 300,000 products from the inventories of leading IT wholesale distributors and manufacturers. MoreDirect's TRAXX™ system is a seamless end-to-end interface that empowers clients to electronically source, evaluate, compare prices, and track related technology product purchases in real-time.

GovConnection, Inc. (1-800-800-0019) is a provider of IT products and services to federal, state, and local government agencies and educational institutions through specialized account managers, catalogs, and publications, and online at www.govconnection.com.

“Safe Harbor” Statement Under the Private Securities Litigation Reform Act of 1995: This release contains forward-looking statements that are subject to risks and uncertainties, including, but not limited to, the impact of changes in market demand and the overall level of economic activity and environment, or in the level of business investment in information technology products, competitive products and pricing, product availability and market acceptance, new products, fluctuations in operating results, the ability of the Company to manage personnel levels in response to fluctuations in revenue, and other risks that could cause actual results to differ materially from those detailed under the caption “Risk Factors” in the Company’s Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission for the quarter ended June 30, 2009. More specifically, the statements in this release concerning the Company’s outlook for 2009 and other statements of a non-historical basis (including statements regarding the Company’s ability to grow revenues, increase market share, and make further cost reductions as needed) are forward-looking statements that involve certain risks and uncertainties. Such risks and uncertainties include the ability to realize market demand for and competitive pricing pressures on the products and services marketed by the Company, the continued acceptance of the Company’s distribution channel by vendors and customers, continuation of key vendor and customer relationships and support programs, and the ability of the Company to hire and retain qualified sales representatives and other essential personnel. The Company assumes no obligation to update the information in this press release or revise any forward-looking statements, whether as a result of any new information, future events, or otherwise.
