

Microsoft Recognizes Connection at 2020 Inspire Conference

Connection Honored by Microsoft for Leadership in Customer Impact and Solution Innovation

MERRIMACK, N.H.--(BUSINESS WIRE)--Aug. 24, 2020-- Connection (PC Connection, Inc.; NASDAQ:[CNXN](#)), a leading information technology solutions provider to business, government, and education markets, has won the Microsoft U.S. Partner Award—Other—Surface PC for leadership in customer impact, solution innovation, deployment, and exceptional use of advanced features in Microsoft technologies over the past year. The award was presented at Microsoft's 2020 [Inspire](#) conference.

Gaviella Schuster, Corporate Vice President, One Commercial Partner, Microsoft, said, "Our partners have been working and innovating, building technologies across the intelligent cloud and intelligent edge that allow organizations of all types to connect, operate, and carry on. We've seen amazing displays of agility and creativity as partners navigate a new world for their businesses, while still supporting customers and building new products and services."

COVID-19 has had a dramatic impact on how individuals and organizations connect, collaborate, and get work done. Connection is giving customers the freedom to work from anywhere. With industry leading solutions, like Microsoft Surface PC, Office 365, Teams, and Azure, Connection is helping customers to optimize costs and transform their workspace bringing enterprise-level efficiency, security, and productivity to home and remote work.

Tim McGrath, President and Chief Executive Officer of Connection, said, "It's an honor to receive this Partner Award from Microsoft, as we both continue to strive to provide increasingly exceptional service and solutions to our customers. I'd like to recognize Connection's entire team of Microsoft experts for demonstrating the leadership, commitment, and integrity that makes our collaboration with Microsoft successful. Connection will continue to work closely with Microsoft to connect our customers with technology that enhances productivity and efficiency."
