PC Connection, Inc. Reports Third Quarter Results

MERRIMACK, N.H.--(BUSINESS WIRE)--Oct. 23, 2003--PC Connection, Inc. (NASDAQ: PCCC)

## THIRD QUARTER HIGHLIGHTS:

- -- 3% growth in net sales
- -- 8% growth in sales representatives
- -- 7% growth in active customers

PC Connection, Inc. (NASDAQ: PCCC), a leading direct marketer of information technology products and solutions, today announced results for the quarter ended September 30, 2003. Net sales for the three months ended September 30, 2003 increased by \$8.4 million, or 2.5%, to \$349.4 million from \$341.0 million for the quarter ended September 30, 2002. Net income on a generally accepted accounting principles (GAAP) basis for both the quarter ended September 30, 2003 and the quarter ended September 30, 2002, was \$2.2 million, or \$.09 per share.

Net sales for the nine months ended September 30, 2003 were \$954.5 million compared to \$869.3 million for the corresponding period a year ago. Net income for the nine months ended September 30, 2003, on a GAAP basis, was \$5.2 million, or \$.21 per share, compared to net income of \$0.4 million, or \$.02 per share, for the corresponding period a year ago. MoreDirect, Inc., the Company's large account subsidiary, was acquired in April 2002 and included in 2002 results only from that date forward.

The three-month period ended September 30, 2002 and the nine-month periods ended September 30, 2003 and 2002 included charges related to workforce reductions and other special charges that reduced earnings and earnings per share. Had these charges not been recorded, pro forma net income for the three-month period ended September 30, 2002 would have been \$2.6 million, or \$.11 per share, and pro forma net income for the nine months ended September 30, 2003 would have been \$5.4 million, or \$.22 per share, compared to \$1.3 million, or \$.05 per share, for the nine months ended September 30, 2002. A reconciliation between net income on a GAAP basis and pro forma net income is provided in a table immediately following the Consolidated Statements of Income.

Net sales for the small- and medium-sized business (SMB) segment increased in this quarter by 2.9% from the third quarter of 2002 to \$179.6 million but decreased sequentially by 3.8% over the immediately preceding quarter. Sales to government and education customers (the Company's Public Sector segment) grew sequentially by 38.1% over the immediately preceding quarter to \$103.6 million, and increased year-over-year by 7.6%. More specifically, sales to the federal government grew sequentially by 64.5% and grew year-over-year by 0.6%. Sales to state, local, and education customers grew sequentially this quarter by 19.0% and grew year-over-year by 15.8%. Sales to large corporate account customers decreased by 5.7% from the third quarter of 2002 to \$66.3 million but increased sequentially by 10.5% over the immediately preceding quarter.

Patricia Gallup, Chairman and Chief Executive Officer, said, "The total number of sales representatives as of September 30, 2003 increased year-over-year by 8% to 580 from 539 as of September 30, 2002. The number of active customers, or customers who have purchased from the Company within the last twelve months, increased by 7% over the third quarter of 2002."

Notebooks and PDAs continued to be the Company's largest product category, accounting for 20.9% of net sales in the third quarter of 2003 compared to 16.9% for the corresponding period a year ago. Desktop computers and servers accounted for 14.2% of net sales in the third quarter of 2003, compared to 13.6% for the corresponding 2002 period. The average selling price of computer systems decreased 18% in the third quarter compared to the corresponding period a year ago and decreased 2% compared to the second quarter of 2003.

Gross profit margin as a percentage of net sales was 10.3% in the third quarter of 2003, compared to 10.9% in the third quarter of 2002. Gross profit margins were lower as a result of the increase in government and education sales, which generally carry low margins, and more competitive pricing in our SMB segment. As previously stated, the Company expects that its gross profit margin as a percentage of net sales may vary by quarter based upon vendor support programs, product mix, pricing strategies, market conditions, and other factors.

Total selling, general, and administrative expenses (SG&A) as a percentage of sales were 9.2% in the third quarter of 2003, compared to 9.6% in the corresponding period a year ago. The Company expects that its SG&A as a percentage of net sales may vary by quarter depending on changes in sales volume, as well as the levels of

continuing investments in key growth initiatives. The improvement in our SG&A rates, compared to the corresponding quarter a year ago, was due to higher sales volumes and continued profit improvement initiatives.

Ms. Gallup stated, "PC Connection continues to remain focused on strengthening our business by developing strong relationships, providing great products, and identifying emerging opportunities in the marketplace."

PC Connection, Inc., a Fortune 1000 company, operates through three sales subsidiaries, PC Connection Sales Corporation of Merrimack, NH, GovConnection, Inc. of Rockville, MD, and MoreDirect, Inc. of Boca Raton, FL. PC Connection Sales Corporation is a rapid-response provider of information technology (IT) products and solutions offering more than 100,000 brand-name products to businesses through its staff of technically trained outbound sales account managers and catalog telesales representatives, its comprehensive web sites at www.pcconnection.com and www.macconnection.com, and its catalogs PC Connection (1-800-800-5555) and MacConnection (1-800-800-2222). GovConnection, Inc. is a rapid-response provider of IT products and solutions, offering more than 100,000 brand-name products to federal, state and local government agencies, and educational institutions (1-800-800-0019). MoreDirect, Inc. provides corporate technology buyers with a comprehensive web-based e-procurement solution and in-depth IT supply-chain expertise, serving as a one-stop source by aggregating more than 300,000 products from the inventories of leading IT wholesale distributors and manufacturers. All three subsidiaries can deliver custom-configured computer systems overnight.

A live webcast of PC Connection management's discussion of the third quarter results will be available on the Company's Web site at www.pcconnection.com and on www.streetevents.com. The webcast will begin today at 10:00 am ET.

"Safe Harbor" Statement Under the Private Securities Litigation Reform Act of 1995: This release contains forward-looking statements that are subject to risks and uncertainties, including, but not limited to, the impact of changes in market demand and the overall level of economic activity, or in the level of business investment in information technology products, competitive products and pricing, product availability and market acceptance, new products, fluctuations in operating results and other risks detailed under the caption "Factors That May Affect Future Results and Financial Condition" the Company's 2003 Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission for the period ended June 30, 2003. More specifically, the statements in this release concerning the Company's outlook for the balance of 2003 and the statements concerning the Company's gross margin percentage and selling and administrative costs and other statements of a non-historical basis (including statements regarding implementing strategies for future growth, the ability of the Company to improve sales productivity and increase its active customers) are forward-looking statements that involve certain risks and uncertainties. Such risks and uncertainties include the ability to realize market demand for and competitive pricing pressures on the products and services marketed by the Company, the continued acceptance of the Company's distribution channel by vendors and customers, continuation of key vendor and customer relationships and support programs and the ability of the Company to hire and retain qualified sales representatives and other essential personnel.
