

## PC Connection Awarded ISO 9001: 2000 Certification

**MERRIMACK, NH, June 5, 2006** – PC Connection Services has been honored with a certificate of registration for ISO 9001: 2000 from SAI Global Services for its custom configuration lab at its distribution center in Wilmington, OH. PC Connection Services is a subsidiary of PC Connection, Inc. (NASDAQ: PCCC), a direct marketer of information technology (IT) products and solutions. Successfully completing the extensive SAI Global review means that the systems and processes used in the PC Connection Services custom configuration lab met or surpassed all ISO 9001: 2000 quality standards.

The International Organization for Standardization [www.iso.org](http://www.iso.org), based in Geneva, Switzerland, is the source of the ISO 9000 and ISO 14000 families of quality and environmental management standards, respectively, and some 15,000 International Standards for business, government, and society. ISO is a network of national standards institutes from 146 countries working in partnership with international organizations, governments, industry, business, and consumer representatives.

David Beffa-Negrini, Co-president of PC Connection Services, stated, "PC Connection's goal since its founding has been to exceed customer expectations in every way. The Company's ability to custom-configure IT solutions and deliver them overnight has met the needs of our customers for many, many years. Receiving the ISO 9001: 2000 certification recognizes that the PC Connection Services custom configuration lab is truly world-class."

The PC Connection Services custom configuration lab employs highly-trained technicians to perform integration services on a variety of products and solutions such as computer systems, routers, and servers. Comprehensive operational tests are conducted on the more complex, custom-configured products and solutions, and quality assessments are done on all products before shipping them to customers of the Company's three sales subsidiaries – PC Connection Sales Corporation, GovConnection, Inc., and MoreDirect, Inc.
