EXHIBIT INDEX

Exhibit No. - ----99.1 Description -----Press release dated April 22, 2004

MERRIMACK, N.H.--(BUSINESS WIRE)--April 22, 2004--PC Connection, Inc. (NASDAQ: PCCC)

FIRST QUARTER HIGHLIGHTS:

- -- 15.6% increase in consolidated year-over-year sales
- -- Growth in both commercial and public sector sales
- -- Highest organic sales growth rate since 2000

PC Connection, Inc. (NASDAQ: PCCC), a leading direct marketer of information technology products and solutions, today announced results for the quarter ended March 31, 2004. Net sales for the three months ended March 31, 2004 increased by \$44.1 million, or 15.6%, to \$327.6 million from \$283.5 million for the three months ended March 31, 2003. Net income for the quarter ended March 31, 2004, on a generally accepted accounting principles (GAAP) basis, was \$1.2 million, or \$.05 per share, compared to \$1.6 million, or \$.06 per share for the three months ended March 31, 2003.

The three-month period ended March 31, 2004 included special charges that reduced earnings and earnings per share. Had these charges not been incurred, pro forma net income for the quarter ended March 31, 2004 would have been \$1.8 million, or \$.07 per share. A reconciliation between net income on a GAAP basis and pro forma net income is provided in a table immediately following the Consolidated Income Statements.

Net sales for the small- and medium-sized business (SMB) segment increased by 16.1% from the first quarter of 2003 to \$207 million and increased sequentially by 3.9% over the immediately preceding quarter. Sales productivity for the SMB segment improved by 2.7% over the first quarter of 2003 to \$2.2 million per sales representative and also improved sequentially this quarter by 5.2% over the immediately preceding quarter. Sales to government and education customers (the Company's Public Sector segment) grew for the quarter by 2.3% over the first quarter of 2003 to \$54 million, but were down sequentially by 39.7% from the immediately preceding quarter. Sales to large account customers increased by 27.0% over the first quarter of 2003 to \$66 million, but were down sequentially in the quarter by 4.4% over the immediately preceding quarter.

Patricia Gallup, Chairman and Chief Executive Officer, said, "I am pleased with the progress we made during the first quarter in improving our overall financial performance. Sales and pro forma earnings, or earnings before special charges, grew in the first quarter of 2004 by 15.6% and 16.6% respectively over the first quarter of 2003. Although gross margins were lower this quarter, we commenced several new gross margin initiatives that produced positive momentum as the first quarter came to a close. In the first quarter of 2004, our selling, general, and administrative (SG&A) expenses as a percentage of sales were reduced by 1.1% to 9.4%, compared to the first quarter of 2003. In addition, our GovConnection subsidiary submitted a proposal in the first quarter for a new General Services Administration (GSA) schedule, and the GSA review of our application is now in progress."

Consolidated annualized productivity increased in the first quarter of 2004 by 4.6% compared to the first quarter of 2003. The total number of sales representatives as of March 31, 2004 increased by 10.5% to 558 from 505 as of March 31, 2003. In addition, the number of active customers, or customers who have purchased from the Company within the last twelve months, increased 3.9% over the first quarter of 2003.

Notebooks and PDAs continued to be the Company's largest product category, accounting for 21.0% of net sales in the first quarter of 2004 compared to 19.1% for the corresponding period a year ago. Desktop computers and servers accounted for 14.1% of net sales in the first quarter of 2004 compared to 14.8% of net sales for the corresponding period a year ago. The average sales price for computer systems decreased 3.7% in the first quarter compared to the corresponding period a year ago, and decreased 3.8% compared to the fourth quarter of 2003.

Gross profit margin, as a percentage of net sales, was 10.4% in the first quarter of 2004 compared to 11.5% in the first quarter of 2003, and compared to 10.1% in the fourth quarter of 2003. As previously stated, the Company expects that its gross profit margin as a percentage of net sales may vary by quarter based upon vendor support programs, product mix, pricing strategies, market conditions, and other factors. Total selling, general, and administrative expenses, as a percentage of sales, decreased to 9.4% in the first quarter of 2004 compared to 10.5% in the corresponding period a year ago. The Company expects that its SG&A, as a percentage of net sales, may vary by quarter depending on changes in sales volume, as well as the levels of continuing investments in key growth initiatives. Ms. Gallup concluded, "Our results for the first quarter of 2004

Ms. Gallup concluded, "Our results for the first quarter of 2004 are encouraging. Overall organic sales growth was at the highest level since 2000. Our initiatives to increase productivity, increase gross margins, and lower SG&A expenses should continue to positively influence our overall financial performance. We believe PC Connection is in a strong position to gain market share and enhance long-term shareholder value."

PC Connection, Inc., a Fortune 1000 company, operates three sales subsidiaries, PC Connection Sales Corporation of Merrimack, NH, GovConnection, Inc. of Rockville, MD, and MoreDirect, Inc. of Boca Raton, FL. PC Connection Sales Corporation (1-800-800-5555) is a rapid-response provider of information technology (IT) products and solutions offering more than 100,000 brand-name products to businesses through its staff of technically trained sales account managers and catalog telesales representatives, catalogs and publications, and its web site at www.pcconnection.com. The subsidiary serves the Apple/Macintosh community through its MacConnection division (1-800-800-2222), which also publishes specialized catalogs and is online at www.macconnection.com. GovConnection, Inc. (1-800-800-0019) is a rapid-response provider of IT products and solutions to federal, state, and local government agencies and educational institutions through specialized account managers, catalogs and publications, and online at www.govconnection.com. MoreDirect, Inc. (www.moredirect.com) provides corporate technology buyers with a comprehensive web-based e-procurement solution and in-depth IT supply-chain expertise, serving as a one-stop source by aggregating more than 300,000 products from the inventories of leading IT wholesale distributors and manufacturers. All three subsidiaries can deliver custom-configured computer systems overnight.

A live webcast of PC Connection management's discussion of the first quarter will be available on the Company's Web site at www.pcconnection.com and on www.streetevents.com. The webcast will begin today at 10:00 a.m. Eastern Time.

"Safe Harbor" Statement Under the Private Securities Litigation Reform Act of 1995: This release contains forward-looking statements that are subject to risks and uncertainties, including, but not limited to, the impact of changes in market demand and the overall level of economic activity, or in the level of business investment in information technology products, competitive products and pricing, product availability and market acceptance, new products, fluctuations in operating results and other risks detailed under the caption "Factors That May Affect Future Results and Financial Condition" in the Company's 2003 Annual Report on Form 10-K filed with the Securities and Exchange Commission for the year ended December 31, 2003. More specifically, the statements in this release concerning the Company's outlook for the remainder of 2004 and the statements concerning the Company's gross margin percentage and selling and administrative costs and other statements of a non-historical basis (including statements regarding implementing strategies for future growth, the ability of the Company to improve sales productivity and increase its active customers) are forward-looking statements that involve certain risks and uncertainties. Such risks and uncertainties include the ability to realize market demand for and competitive pricing pressures on the products and services marketed by the Company, the continued acceptance of the Company's distribution channel by vendors and customers, continuation of key vendor and customer relationships and support programs and the ability of the Company to hire and retain qualified sales representatives and other essential personnel.
