Voting Securities and Votes Required

On April 20, 2009, the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding and entitled to vote an aggregate of 26,977,264 shares of our common stock, \$.01 par value per share, or the Common Stock. Stockholders are entitled to one vote per share of Common Stock. Our stock record books will remain open for inspection by stockholders of record for ten days prior to the Annual Meeting at our offices at the above address and at the time and place of the Annual Meeting.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting shall be necessary to constitute a quorum for the transaction of business. Abstentions and broker non-votes will be considered as present for purposes of determining whether a quorum is present.

The affirmative vote of the holders of a plurality of the votes cast by the stockholders entitled to vote at the Annual Meeting is required for the election of directors. The affirmative vote of the holders of a majority of the shares of Common Stock present or represented by proxy and voting at the Annual Meeting is required for the approval of Proposals 2, 3, and 4.

Shares that abstain from voting in a particular matter, and shares held in "street name" by brokers of nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter and will also not be counted as votes cast or shares voting on such matter. Abstentions and "broker non-votes" will have no effect on the voting on matters, such as the ones presented for stockholder approval at this Annual Meeting, that require the affirmative vote of a certain percentage of the shares voting on the matter.

PROPOSAL ONE

ELECTION OF DIRECTORS

Directors are to be elected at the Annual Meeting. Our Board of Directors is currently fixed at six members. Our Bylaws provide that our directors will be elected at each annual meeting of our stockholders to serve until the next annual meeting of stockholders or until their successors are duly elected and qualified. Mr. Bruce Barone has informed the Board that he does not intend to stand for re-election following the expiration of his current term of office, which will occur at the Annual Meeting. Until such time, Mr. Barone will continue to serve as a director of our Company and as a member of our Compensation and Audit Committees.

The persons named in the enclosed proxy (Patricia Gallup and David Hall) will vote to elect the six nominees named below as our directors unless authority to vote for the election of any or all of the nominees is withheld by marking the proxy to that effect. Each nominee, other than Ms. Barbara Duckett, is presently serving as a director, and each nominee has consented to being named in this Proxy Statement and to serve, if elected. If for any reason any nominee should be unable to serve, the person acting under the proxy may vote the proxy for the election of a substitute nominee designated by our Board of Directors. It is not presently expected that any of the nominees will be unavailable to serve, if elected.

Our Board of Directors recommends a vote “FOR” the election of the nominees described below.

Set forth below are the name, age, and length of service as a director for each nominee of our Board of Directors and the positions and offices held by him or her, his or her principal occupation and business experience for at least the past five years, and the names of other publicly-held companies of which he or she serves as a director. Information with respect to the number of shares of Common Stock beneficially owned by each director or nominee, directly or indirectly, as of February 15, 2009, appears under “Security Ownership of Certain Beneficial Owners and Management.”

INFORMATION CONCERNING DIRECTORS, NOMINEES, AND EXECUTIVE OFFICERS

Board Meetings and Attendance

Our Board of Directors met nine times during the year ended December 31, 2008, either in person or by teleconference. During 2008, each director attended at least 75% of the aggregate of the number of Board meetings and the number of meetings held by all committees on which he or she then served. Our Board of Directors does not currently have a policy with regard to the attendance of board members at our annual meeting of stockholders. All board members, except Mr. Hall, attended our 2008 Annual Meeting of Stockholders.

Board Committees

Our Board of Directors has established two standing committees – Audit and Compensation. The Audit and Compensation Committees each operate under written charters that have been approved by our Board of Directors. You can request a copy of these documents by writing to Investor Relations, PC Connection, Inc., 730 Milford Road, Merrimack, New Hampshire 03054. We included the charters of the Committees as appendixes to our 2007 Proxy Statement which can be obtained by accessing the website maintained by the SEC at www.sec.gov, by accessing our website at <http://ir.pcconnection.com>, or by contacting our investor relations department at PC Connection, Inc., 730 Milford Road, Merrimack, New Hampshire 03054.

Our Board of Directors has determined that all of the current members of each of the two standing committees, as well as those members our Board intends to appoint to such committees following and subject to their election at our 2009 Annual Meeting, are independent as defined under the rules of the Nasdaq Stock Market including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

Audit Committee

The Audit Committee's responsibilities include:

- appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;
- overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of certain reports from the independent registered public accounting firm;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- monitoring our internal control over financial reporting, disclosure controls and procedures, and code of business conduct and ethics;
- overseeing our internal audit function;
- discussing our risk management policies;
- establishing policies regarding hiring employees from the independent registered public accounting firm and procedures for the receipt and retention of accounting related complaints and concerns;
- meeting independently with our internal auditing staff, independent registered public accounting firm, and management;
- reviewing and approving or ratifying any related person transactions; and
- preparing the audit committee report required by SEC rules (which is included on page 27 of this Proxy Statement).

The Audit Committee currently consists of Messrs. Barone, Baute, and Weatherson. Our Board of Directors has determined that each current member of the Audit Committee would qualify as an "audit committee financial expert" as defined by applicable SEC rules. The Audit Committee met eight times during 2008.

Our Board of Directors expects to appoint Mr. Baute, Mr. Weatherson, and Ms. Duckett, subject to their election at our 2009 Annual Meeting, to serve on our Audit Committee. Our Board of Directors has determined that both Messrs. Baute and Weatherson would qualify as an “audit committee financial expert” as defined by applicable SEC rules.

Compensation Committee and Subcommittee

The Compensation Committee’s responsibilities include:

- annually reviewing and approving corporate goals and objectives relevant to CEO compensation;
- determining our CEO’s compensation;
- reviewing and approving, or making recommendations to our Board of Directors with respect to, the compensation of our other executive officers;
- overseeing evaluations of our senior executives;
- overseeing and administering our cash and equity incentive plans;
- reviewing and making recommendations to our Board of Directors with respect to director compensation;
- reviewing and discussing annually with management our “Compensation Discussion and Analysis,” which is included beginning on page 9 of this Proxy Statement; and
- preparing the compensation committee report required by SEC rules, which is included on page 17 of this Proxy Statement.

The processes and procedures followed by our Compensation Committee in considering and determining executive and director compensation are described below under the heading “Executive and Director Compensation Processes.”

The Compensation Committee met three times in 2008. The current members of the Compensation Committee are Messrs. Barone, Baute, and Weatherson. The Compensation Committee has established a subcommittee and delegated to that subcommittee authority to issue equity awards and to determine other qualified performance-based compensation in accordance with the requirements of Section 162(m) of the Internal Revenue Code. The Subcommittee, currently comprised of Messrs. Barone and Baute, who are “outside directors” under IRS regulations, met three times during 2008 and approved the executive officer bonus payments for fiscal year 2007 and the restricted stock awards made in 2008. Our Board of Directors expects to appoint Mr. Baute, Mr. Weatherson, and Ms. Duckett, subject to their election at our 2009 Annual Meeting, to serve on our Compensation Committee. Ms. Duckett and Mr. Baute, who qualify as “outside directors” under IRS regulations, will serve on our Subcommittee.

Director Independence

Under applicable NASDAQ rules, a director will only qualify as an “independent director” if, in the opinion of our Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors has determined that none of Messrs. Baute, Barone, or Weatherson, who currently comprise our Audit and Compensation Committees, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In addition, our Board of Directors expects to appoint Ms. Duckett, subject to her election at our 2009 Annual Meeting, to our Audit and Compensation Committees, and has determined that she does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Each of Messrs. Barone, Baute, and Weatherson, and Ms. Duckett qualify as an “independent director” as defined under Nasdaq Stock Market Inc. Marketplace Rule 4200(a)(15).

Executive and Director Compensation Processes

The Compensation Committee retained the services of Pearl Meyer & Partners, a national consulting firm, to conduct a competitive assessment in 2005 of our executive compensation for fiscal year 2006. Pearl Meyer & Partners provided to the Compensation Committee three studies as described further in our Compensation Discussion and Analysis. The Pearl Meyer studies compiled individual compensation ranges for each executive position and compared this information to each executive's actual salary level. These studies and the related ranges were updated in 2007 and 2008 by our management to reflect current market conditions. The Compensation Committee targeted the median base salary of the survey data and adjusted the executive's salary based on evaluation of the executive's level of responsibility and experience as well as company-wide performance. The Compensation Committee may, in its discretion, invite the Chief Executive Officer to be present during the approval of, or deliberations with respect to, other executive officer compensation.

Our shareholders approved in 2008 an Executive Bonus Plan for our executive officers. Annual cash bonuses are based on the achievement of company-wide net income and expense leverage goals. Cash bonuses are set as a percentage of the executive officer's base salary. Please see our Compensation Discussion and Analysis for a further discussion of our Executive Bonus Plan.

We have generally set our compensation paid to non-officer members of our Board of Directors to be consistent with compensation paid to directors of similar-sized companies. Prior to June 1, 2008, our non-officer directors, consisting of Messrs. Barone, Baute, Hall, and Weatherson, were each entitled to receive a standard annual retainer fee of \$36,000 for their service on the Board as well as \$1,500 for each Board meeting and Board Committee meeting they attended. Effective June 1, 2008, our non-officer directors are each entitled to receive a standard quarterly retainer fee of \$10,000 for their service on the Board as well as \$2,500 for each Board meeting and \$1,500 for each Board Committee meeting they attend. As executive officers, Mr. Beffa-Negrini and Ms. Gallup did not receive additional compensation in 2008 for their service on our Board of Directors. Subsequent to his retirement as an officer and employee of the Company effective December 31, 2008, Mr. Beffa-Negrini is entitled to receive compensation for his services as a director beginning January 1, 2009.

The Compensation Committee has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation as evidenced by its retention of Pearl Meyer & Partners. During 2008 the Compensation Committee did not employ a compensation consultant because the Compensation Committee believed the August 2005 Pearl Meyer & Partners study, together with the updated salary information obtained in 2007 and 2008, was sufficient to provide guidance in setting 2008 compensation levels.

Controlled Company Status

We are a "Controlled Company" as defined in Nasdaq Stock Market Rule 4350(c). Our Board of Directors has based this determination on the fact that approximately 63% of our voting stock is beneficially owned or controlled by Ms. Gallup and Mr. Hall.

We do not have a standing nominating committee, and the functions of evaluating and selecting directors have been performed by our Board of Directors as a whole. We believe that it is not necessary to have a nominating committee because our directors have generally served for extended terms. Our Board of Directors will from time to time evaluate biographical information and background material relating to potential candidates and interview selected candidates. Our Board of Directors does not currently have a charter or written policy with regard to the nomination process. We do not have a written policy due to the extended terms served by our directors.

Director Candidates

All of the current members of our Board of Directors have served as directors since 2002, except Mr. Weatherson, who became a director in June 2005 and Ms. Duckett, who has not previously served on our

Board of Directors. Where called for, qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing board composition. Minimum qualifications include high-level leadership experience in business activities, breadth of knowledge about issues affecting us, experience on other boards of directors, preferably public company boards, and time available for meetings and consultation on Company matters. Our Board of Directors desires a diverse group of candidates who possess the background, skills, and expertise to make a significant contribution to our Board of Directors, our Company, and stockholders. In the event of a need for a new or additional director, our Board of Directors would evaluate potential nominees by reviewing their qualifications, results of personal and reference interviews, and such other information as the Board may deem relevant.

We do not currently employ an executive search firm, or pay a fee to any other third party, to locate qualified candidates for director positions.

Our Board of Directors has generally nominated the current directors for re-election at each annual meeting of stockholders. Our Board of Directors has therefore not established special procedures for security holders to submit director recommendations. If we were to receive recommendations of candidates from our security holders, the Board of Directors would consider such recommendations in the same manner as all other candidates.

Communicating with the Independent Directors

We have not implemented a process for our stockholders to send communications to our Board of Directors, other than as set out elsewhere in this proxy. We have not done so primarily due to our status as a controlled company, as discussed earlier.

Code of Business Conduct and Ethics Policy

We have adopted a written Code of Business Conduct and Ethics Policy (the "Policy") that applies to our directors, officers, and employees, including our principal executive officer, principal financial and accounting officer, controller, and persons performing similar functions. We have posted our Policy on our website (<http://ir.pcconnection.com>). In addition, we intend to post on our website all disclosures that are required by law or Nasdaq Stock Market listing standards concerning any amendments to, or waivers from, any provision of the Policy.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers, and holders of more than 10% of our Common Stock to file with the SEC initial reports of ownership and reports of changes in beneficial ownership of our Common Stock. Based solely on our review of copies of reports filed by individuals required to make filings, or Reporting Persons, pursuant to Section 16(a) of the Exchange Act or written representations from certain Reporting Persons, we believe that all such reports required to be filed under Section 16(a) of the Exchange Act for 2008 were timely filed, except that Mr. Baute, a member of the Board, filed a Form 4 on November 26, 2008 to report a November 19, 2008 purchase of 1,000 shares of our Common Stock.

Director Compensation

Our non-officer directors are each entitled to receive a standard quarterly retainer fee of \$10,000 for their service on the Board as well as \$2,500 for each Board meeting and \$1,500 for each Board Committee meeting they attend. Our directors who are also officers do not receive any additional compensation for their role as directors. Board members also receive reimbursement for all reasonable expenses incurred in attending Board and committee meetings.

EXECUTIVE COMPENSATION

Compensation Discussion And Analysis

The Compensation Committee of our Board of Directors oversees the design and implementation of our executive compensation program. In this role, the Compensation Committee, which is comprised of three independent directors, evaluates the performance of, and reviews and approves annually all compensation decisions relating to our Chief Executive Officer. Our Chief Executive Officer annually reviews the performance of our other Named Executive Officers and makes recommendations regarding their compensation. Our Compensation Committee may adopt or revise such recommendations in making compensation decisions for our other Named Executive Officers. The Compensation Committee has established a subcommittee, comprised of two of these independent directors, and delegated to that subcommittee authority to issue equity awards and to determine other qualified performance-based compensation in accordance with the requirements of Section 162(m) of the Internal Revenue Code.

Compensation Objectives

Our Compensation Committee's primary objectives with respect to executive compensation are to attract, retain, and motivate our executives and to create long-term stockholder value. Additionally, the Committee seeks to ensure that executive compensation is aligned with our corporate strategies and business objectives, and that it promotes the achievement of key strategic and financial performance measures by linking short- and long-term cash and equity incentives to the achievement of measurable company performance goals.

To achieve these objectives, the Compensation Committee evaluates our executive compensation program with the goal of setting compensation at levels the Committee believes are competitive with those of other companies in our industry and our region that compete with us for executive talent. In addition, our executive compensation program ties a substantial portion of each executive's overall compensation to managing their respective areas of responsibility and meeting key strategic, financial, and operational goals. These goals include success in (a) demonstrated leadership ability, (b) management development, (c) compliance with our policies, and (d) anticipation of, and response to, changing market and economic conditions that enhance our ability to operate profitably. From time to time, we also provide a portion of our executive compensation in the form of stock options and restricted stock grants that vest over time, which we believe helps to attract new management talent, as well as retain our existing executives. We believe such grants align our executives' interests with those of our stockholders by allowing them to participate in the longer-term success of our company as reflected in stock price appreciation.

We compete with many other companies for executive personnel. Accordingly, the Compensation Committee generally targets overall base salary and bonus compensation for executives at or near the midpoint of compensation paid to similarly situated executives of companies analyzed in our survey data, described more fully below. We may vary this general target in certain situations when necessary, due to the experience level of the individual or other market factors.

Components of our Executive Compensation Program

The primary elements of our executive compensation program are:

- base salary;
- executive bonus plan;
- equity awards;
- benefits and other compensation; and
- severance benefits.

Allocations between long-term and short-term compensation, cash and non-cash compensation, or the different forms of non-cash compensation vary, depending on our current initiatives and stated goals. Our goals for 2008 were focused on continuing the growth trend in consolidated net sales and net income that we established in prior years and, additionally, achieving a better leveraging of our expense structure by attaining our targeted selling, general and administrative, or SG&A, expenses as a percentage of net sales. Accordingly, our 2008 executive bonus plan was designed to help achieve these two objectives. A total of 60% of the bonus was allocated to the achievement of a net income target of \$24.3 million, and 40% was allocated to achievement of an SG&A expense target of 10% of net sales. Each component was then applied to a multiplier based on the degree to which the respective target was met or exceeded, ranging from 0.5 to 1.0 for the expense target and from 0.5 to 1.7 for the net income target. No bonuses were to be paid for performance below \$21.9 million of net income or SG&A expenses in excess of 10.6% of net sales.

Our executive officers work together as a team and all executives are assigned the same company-wide net income and expense leverage goals. In 2008, our net income was \$10.4 million and SG&A expenses as a percentage of sales were 10.65%. Accordingly, we missed both net income and SG&A targets, and no bonuses under our Executive Bonus Plan were paid for 2008. Individual goals are not assigned.

In 2005 our Compensation Committee retained Pearl Meyer & Partners, a national consulting firm, as its independent compensation consultant to conduct a competitive assessment of our executive compensation and general compensation programs. Pearl Meyer & Partners provided comparative market data on compensation practices and programs based on an analysis of twelve peer companies deemed comparable in terms of product and service offerings and revenue levels. Pearl Meyer & Partners also provided two additional surveys with similar compensation data – the 2005 Clark Consulting SC/CHIPS Executive and Senior Management Survey and the 2005 Mercer Benchmark Database. From these three studies, two market composites were calculated, one reflecting the average of the Peer Group and Technology Industry and one reflecting the average of the Peer Group and the general industry survey data for similar size companies. We compiled individual compensation ranges for each executive position based on this information and compared the compensation ranges to actual salary levels. Each year since the initial study, we have updated our compensation ranges to reflect a combination of competitor trend information and consumer price indexes. In 2008, we increased our compensation ranges by 2.6%.

The peer group was used to benchmark executive compensation levels against companies that have executive positions with responsibilities similar in breadth and scope to ours and that compete with us for executive talent. The following companies were included in the peer group for 2005:

- Agilysys, Inc.
- Bell Microproducts Inc.
- Black Box Corporation
- CDW Corporation
- GameStop Corp.
- GTSI Corp.
- Insight Enterprises, Inc.
- PC Mall, Inc.
- Pomeroy IT Solutions, Inc.
- ScanSource, Inc.
- Systemax Inc.
- Zones, Inc.

An analysis based on available 2005 financial data shows that amongst the peer group we ranked eighth in revenue and ninth in market capitalization as of the date of the Pearl Meyer & Partners study.

The Compensation Committee used the updated survey data to assist it in the review and comparison of each element of base salary and bonus compensation for our executives. With this information, the Compensation Committee analyzed compensation for each executive. The Compensation Committee targeted different compensation levels for each element of compensation as described below.

Base Salary

The median base salary level of the survey data was targeted by the Compensation Committee as the base salaries of our executives. Adjustments to the median base salary level were made based on comparisons to the survey data and evaluation of the executive's level of responsibility and experience as well as company-wide performance. The Compensation Committee also considered the executive's success in achieving business results and demonstrating leadership.

While each executive is expected to manage his/her area of responsibility successfully, our success is believed to be dependent on the ability of our management group to integrate and work together to meet common goals. Accordingly, executives are not assigned specific individual goals but instead are collectively responsible for meeting company-wide goals.

The compensation levels of our executives are established to recognize the relative level of responsibility of each executive. Our Chief Executive Officer's compensation is higher than the levels of our other executives reflecting the generally broader and more significant level of responsibility of our Chief Executive Officer. We have found that compensation survey results generally reflect this pattern for most companies.

Benchmarking and aligning base salaries is especially critical to a competitive compensation program. Other elements of compensation are affected by changes in base salary. Annual incentives are targeted and paid out as a percentage of base salary, and the target levels of long-term incentives are also determined as a percentage of base salary.

Base salaries are reviewed at least annually by the Compensation Committee, and in the case of Named Executive Officers other than our Chief Executive Officer, are based on recommendations of the Chief Executive Officer. These salaries are adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance, experience, and the peer group data. In 2008, the base salary of our Chief Executive Officer was increased significantly by the Compensation Committee as a result of its review and analysis of competitive data, as well as the extent of her individual responsibilities. The base salaries of the remaining executive officers were each increased in 2008, as recommended by the Chief Executive Officer and approved by the Compensation Committee, to a level above the median levels reported for the peer group in recognition of each respective officer's increased level of responsibility and experience over comparable officers included in the peer group. In light of the global economic downturn, our executive officers' base salaries for 2009 will remain at current 2008 levels.

Executive Bonus Plan

In 2008, we had an executive bonus plan for our executives and other senior management employees. Annual cash bonuses are intended to compensate for the achievement of a company-wide net income goal and an operating expense leverage goal.

Amounts payable under the executive bonus plan are calculated as a percentage of the applicable executive's base salary with higher-ranked executives typically being compensated at a higher percentage of base salary. However, our success is believed to be dependent on the ability of the management group to integrate and

work together to meet common company-wide goals. Accordingly, executives are not assigned specific individual goals but instead are collectively responsible for meeting company-wide goals. A consolidated net income goal of \$24.3 million was established for 2008, reflecting our growth target for the year. Additionally, an expense leverage goal was established to reduce 2008 consolidated SG&A expenses as a percentage of net sales to 10%, or 20 basis points below our 2007 expense ratio.

Our Compensation Committee works with our Chief Executive Officer to develop corporate goals that they believe can be reasonably achieved over the next year. Our shareholders approved in 2008 the Executive Bonus Plan. For our Chief Executive Officer and Executive Vice Presidents, the target bonus percentage is 100% of base salary. For the other named executive officers it is 50% of base salary. Our compensation program also provides incentives for our executives to reach beyond our target corporate goals. Those who perform above expectations are entitled to receive additional bonus amounts that can result in a total annual bonus of up to 142% of base salary for our Chief Executive Officer and Executive Vice Presidents, and up to 71% of base salary for our other named executive officers. Proportionally lower bonuses are provided for achievement levels between 90% and 100% of respective company-wide targets, and no bonuses are earned by any executive where less than 90% of the respective company-wide target is achieved. In 2008, we did not achieve the performance targets, and accordingly, no bonuses were paid to executive officers.

Equity Awards

Our equity award program is a vehicle for offering long-term incentives to our executives. We believe that equity grants help attract management talent and provide a strong link to our long-term performance and help to align the interests of our executives and our stockholders. In addition, the vesting feature of our equity grants furthers our goal of executive retention by providing an incentive to our executives to remain in our employ during the vesting period. In determining the size of equity grants to our executives, the Compensation Committee and the Chief Executive Officer consider comparative share ownership of executives in our compensation peer group, our company-wide performance, the applicable executive's performance, the amount of equity previously awarded to the executive, the vesting of such awards, and the recommendation of management. In 2008, our Board of Directors delegated to our Chief Executive Officer the authority to grant equity awards to non-executive officers of up to 15,000 shares per individual per calendar year.

Our equity awards have typically taken the form of stock options and restricted stock awards. The Compensation Committee and our Chief Executive Officer review all components of the executive's compensation when determining equity awards to ensure that an executive's total compensation conforms to our overall philosophy and objectives.

Typically, the equity awards we grant vest in equal annual installments over four years, although shorter vesting periods may be applied in certain circumstances. Vesting and exercise rights cease shortly after termination of employment except in the case of death or disability. We do not have any equity ownership guidelines for our executives.

In 2008 we granted restricted stock of 100,000 shares to Mr. McGrath, 50,000 shares to Mr. Ferguson, and 20,000 shares each to Messrs. Mousseau and Beffa-Negrini. Mr. Ferguson's restricted stock vests annually in two equal installments beginning on May 9, 2009. The restricted stock awarded to Messrs. McGrath and Mousseau vests annually in four equal installments beginning May 9, 2009. The restricted stock awarded to Mr. Beffa-Negrini was scheduled to vest annually in four equal installments beginning May 9, 2009, however the Company accelerated the vesting of the 20,000 shares upon Mr. Beffa-Negrini's retirement on December 31, 2008. We granted the equity awards to align the interests of our executives and our stockholders. We believe that cash compensation using base salaries and annual incentive plan payments is a fair method of compensating our executive officers without equity dilution to our stockholders, although we continue to review long-term incentives as a means to attract and retain key executives.

Benefits and Other Compensation

We maintain broad-based benefits that are provided to all employees, including health and dental insurance, life and disability insurance, and a 401(k) plan. Executives are eligible to participate in all of our employee benefit plans, in each case on the same basis as other employees. We provide a matching contribution equal to 25% of the employee's deferral contributions that do not exceed 6% of their qualified compensation.

No executive officer received perquisites aggregating \$10,000 or more in 2008.

Severance Benefits

Pursuant to employment agreements we have entered into with Timothy McGrath, Executive Vice President, PC Connection Enterprises and Bradley Mousseau, Senior Vice President, Human Resources, each executive is entitled to specified benefits in the event of termination of their employment under specified circumstances. In connection with Mr. Beffa-Negrini's retirement on December 31, 2008, we provided Mr. Beffa-Negrini with certain severance benefits as well. We have provided more detailed information about these benefits, along with estimates of their value under various circumstances, under the caption "Potential Payments Upon Termination or Change in Control" below.

We believe providing these benefits helps us compete for executive talent. After reviewing the practices of companies represented in the compensation peer group, we believe that our severance and change of control benefits are generally in line with severance packages offered to executives by the companies in the peer group.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction for compensation in excess of \$1.0 million paid to our Chief Executive Officer and the three other officers (other than the chief financial officer) whose compensation is required to be disclosed to our stockholders under the Exchange Act by reason of being among our three other most highly compensated officers. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. We periodically review the potential consequences of Section 162(m) and we intend to structure the performance-based portion of our executive compensation, where feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. However, the Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

We account for equity compensation awarded to our employees per the methods prescribed by SFAS 123(R), which require us to recognize compensation expense in our financial statements for all share-based payments based upon an estimate of their fair value over the service period of the award. We record cash compensation as an expense at the time the obligation is accrued. Given our adoption of SFAS 123(R), we believe that the accounting impact of the different forms of equity compensation awards generally reflects their economic impact. Accordingly, the underlying accounting treatment is not a material consideration in determining the specific nature or size of equity awards granted. The tax impact of the awards on the recipient and the effectiveness of the award in retaining executives are more relevant considerations.

Potential Payments Upon Termination or Change in Control

We entered into a separation agreement with Mr. Beffa-Negrini on October 14, 2008 in connection with his retirement, effective December 31, 2008, pursuant to which he will receive certain severance benefits. Subject to the terms and conditions of his separation agreement, the agreement provides Mr. Beffa-Negrini with the following severance benefits: (1) retirement compensation in an amount equal to Mr. Beffa-Negrini’s base salary in 2008, which was \$270,000, less all applicable taxes and withholdings, for the period commencing on the date of retirement and continuing for fifty-five weeks plus one year; (2) the acceleration of the vesting of Mr. Beffa-Negrini’s 20,000 shares of restricted stock, for a value realized upon vesting of \$102,400, and an amount equal to Mr. Beffa-Negrini’s personal income tax liability on the taxable value of the subject shares, which was \$53,817; and (3) COBRA benefits for the applicable period of eligibility. Mr. Beffa-Negrini’s right to receive and retain these benefits are subject to the fulfillment of certain promises and covenants he has made in the separation agreement, including a covenant not to sue, a release and waiver of all actions and causes of action he has or may have against us, and an agreement to keep information about us confidential, including, but not limited to, trade secrets and other proprietary information. In the event he breaches the terms of his separation agreement and we defend or pursue any charges as a result of such breach, Mr. Beffa-Negrini will be liable to us for all damages, attorney’s fees, expenses, and costs (including discovery costs) incurred by us in connection with the same.

We have entered into a letter agreement with Mr. Mousseau, providing for severance payments for six months of his then respective annual base salary if we terminate his employment for any reason other than for cause or for a change in control (as defined therein). Under such circumstances, Mr. Mousseau’s severance payment would have an aggregate value of \$130,000. In the event of termination resulting from a change in control of our Company, Mr. Mousseau’s severance payments would extend for a total of twelve months and have an aggregate value of \$260,000. We have entered into an employment agreement with Mr. McGrath, providing for severance payments for twelve months, or until such time as he secures other employment (whichever is earlier), of his then respective annual base salary if we terminate his employment for any reason other than for cause. Under such circumstances, Mr. McGrath’s severance payments would have an aggregate value of \$500,000. Such payments are conditioned upon our receipt of a general release of claims from Mr. McGrath. Messrs. McGrath’s and Mousseau’s agreements include certain non-compete obligations that extend for twenty-four and eighteen months, respectively, after termination of employment. We assume, for the purpose of calculating values for all termination events, that the effective date of termination is December 31, 2008.

In the event that we undergo a change in control (referred to as an “Acquisition Event” in the Amended and Restated 1997 Stock Incentive Plan and a “Reorganization Event” in the 2007 Stock Incentive Plan) and as a result our Board of Directors accelerates the vesting of all outstanding unvested equity awards, Messrs. McGrath, Ferguson, and Mousseau would realize \$512,000, \$256,000, and \$102,400, respectively, based on the closing price of our Common Stock on December 31, 2008 of \$5.12 per share, assuming the vesting and sale by each of their restricted stock awards.

Compensation Committee Report

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with our management. Based on this review and discussion, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

By the Compensation Committee of the Board of Directors of PC Connection:

Donald Weatherson, Chairman
Bruce Barone
Joseph Baute

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are Messrs. Barone, Baute, and Weatherson. Messrs. Barone and Baute were not at any time during 2008, or formerly, an officer or employee of the Company or any of our subsidiaries. Mr. Weatherson was not an officer or employee of the Company at any time during 2008. None of our executive officers has served as a director or member of the Compensation Committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served as our director or a member of our Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We currently have leases for facilities in Marlow and Merrimack, New Hampshire and two facilities in Keene, New Hampshire with Gallup & Hall, or G&H, a partnership owned solely by Patricia Gallup and David Hall, our principal stockholders. The lease for one of the Keene, New Hampshire facilities expires in July 2009 and requires annual rental payments of \$141,276. The second facility in Keene is leased on a month-to-month basis requiring monthly rental payments of \$1,344. The facility in Marlow, New Hampshire is leased on a month-to-month basis requiring monthly rental payments of \$500. These leases also obligate us to pay certain real estate taxes and insurance premiums on the premises. Rent expense under all such leases aggregated \$148,444 for the year ended December 31, 2008.

In November 1997 we entered into a fifteen-year lease for a 114,000 square foot corporate headquarters in Merrimack, New Hampshire with G&H Post, L.L.C., an entity owned solely by Patricia Gallup and David Hall. We began occupying the new facility upon completion of construction in late November 1998, and lease payments began in December 1998. Annual lease payments under the terms of the lease are \$911,400 for the first five years of the lease, increasing to \$1,025,350 for years six through ten and to \$1,139,400 for years 11 through 15. The lease is in its eleventh year. The lease requires us to pay our proportionate share of real estate taxes and common area maintenance charges as either additional rent or directly to third-party providers and also to pay insurance premiums for the leased property. We have the option to renew the lease for two additional terms of five years.

In August 2008, we entered into a ten-year lease agreement with Patricia Gallup and David Hall, our principal stockholders, for an office facility adjacent to our corporate headquarters. The lease requires an annual rental payment of \$225,432 in year one of the lease and provides us the option to renew for two additional two-year terms. The rent for subsequent years shall be subject to adjustment to reflect increases in a local

consumer price index, but such adjustments shall not exceed an increase of 5.0% per year. The lease requires us to pay our proportionate share of real estate taxes and common area maintenance charges either as additional rent or directly to third-party providers and to pay insurance premiums for the leased property.

During 2008, we provided various facilities management, maintenance, financial, tax, and legal services to certain affiliates in connection with the operation of facilities leased by us from those affiliates. G&H reimbursed us \$21,866 during 2008 for those services.

The 1998 PC Connection Voting Trust

In connection with our initial public offering in March 1998, Patricia Gallup and David Hall placed substantially all of the shares of Common Stock that they beneficially owned immediately prior to the public offering into a Voting Trust (the "Voting Trust") of which they serve as co-trustees. The Voting Trust is the record holder of 16,338,188 shares of Common Stock as of the record date, April 20, 2009. The terms of the Voting Trust require that both Ms. Gallup and Mr. Hall, as co-trustees, agree as to the manner of voting the shares of our Common Stock held by the Voting Trust in order for the shares to be voted. In the event the co-trustees are deadlocked with respect to the election of directors at a meeting of stockholders, our Board of Directors may require the co-trustees to execute and deliver to our Secretary a proxy representing all shares issued and outstanding in the name of the Voting Trust and entitled to vote in the election of directors. Such proxy shall confer upon the proxyholder authority to attend the meeting for purposes of establishing a quorum and to vote for the directors nominated by our Board of Directors, provided that such nominees are incumbent directors elected with the consent of the co-trustees. Each of Ms. Gallup and Mr. Hall may transfer shares of Common Stock for value to unaffiliated third parties. Any shares so transferred will no longer be subject to the Voting Trust and an equal number of the non-transferring co-trustee's shares will be released from the Voting Trust. Transfers by either of Ms. Gallup or Mr. Hall in excess of 75,000 shares in any 90-day period, or that would decrease the shares held by the Voting Trust to less than a majority of the outstanding shares, will be subject to a right of first refusal to the other. The Voting Trust will terminate when it holds less than 10% of the outstanding shares of our Common Stock or at the death of both co-trustees. In addition, in the event of the death or incapacity of either co-trustee, or when either of Ms. Gallup or Mr. Hall holds less than 25% of the beneficial interest held by the other in the Voting Trust, the other will become the sole trustee of the Voting Trust with the right to vote all the shares held by the Voting Trust.

Mr. Hall, one of our directors, is also employed by the Company as an analyst and receives an annual salary of \$100,000 for his services. Mr. Hall is entitled to our standard fringe benefits as a full-time employee. He does not serve as an officer of the Company. In addition, his compensation received as an employee is not listed under the director compensation table which is included on page 8 of this Proxy Statement,

POLICIES AND PROCEDURES FOR RELATED PERSON TRANSACTIONS

Our Board of Directors has adopted written policies and procedures for the review of any transaction, arrangement, or relationship in which we are a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees, or 5% stockholders (or their immediate family members), each of whom we refer to as a "related person," has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement, or relationship, which we refer to as a "related person transaction," the related person must report the proposed related person transaction to our Chief Financial Officer. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by our Audit Committee. Whenever practicable, the reporting, review, and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the Audit Committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the Audit Committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the Audit Committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the Audit Committee will review and consider:

- the related person's interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The Audit Committee may approve or ratify the transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is not inconsistent with our best interests. The Audit Committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, our Board of Directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

- interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, (c) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; and
- a transaction that is specifically contemplated by provisions of our charter or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Audit Committee in the manner specified in its charter.

PROPOSAL TWO

APPROVAL OF AMENDED AND RESTATED 2007 STOCK INCENTIVE PLAN

Equity awards are the principal vehicle used by the Company for the payment of long-term compensation, to provide a stock-based incentive to improve the Company's financial performance and to assist in the recruitment, retention, and motivation of professional, managerial, and other personnel. Under the Original 2007 Plan, the Company is currently authorized to issue a total of 500,000 shares of Common Stock. As of March 31, 2009, there were 87,500 shares available for future grant under the 2007 Plan. On April 30, 2009 the Board of Directors adopted, subject to stockholder approval, an amendment to and restatement of the Original 2007 Plan, to, among other things, (i) increase the number of shares of Common Stock reserved for issuance under the Original 2007 Plan from 500,000 to 700,000, (ii) remove a sub-limit of 50% of the shares available under the Original 2007 Plan that may be granted with respect to awards other than options and stock appreciation rights, and (iii) comply with Section 409A of the Internal Revenue Code.

The Board of Directors believes that the approval of the Amended and Restated 2007 Stock Incentive Plan is in the best interests of the Company and its stockholders and recommends a vote "FOR" the approval of this proposal.

Description of the Amended and Restated 2007 Stock Incentive Plan

The following is a brief summary of the Amended and Restated 2007 Stock Incentive Plan, or the 2007 Plan, a copy of which is attached as *Appendix A* to this Proxy Statement.

Types of Awards

The 2007 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units, and other stock-based awards as described below (collectively "Awards").

Incentive Stock Options and Non-statutory Stock Options. Optionees receive the right to purchase a specified number of shares of Common Stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Options must be granted at an exercise price which is equal to or greater than the fair market value of the Common Stock on the date of grant. Under present law, incentive stock options and options intended to qualify as performance-based compensation under Section 162(m) of the Code may not be granted at an exercise price less than 100% of the fair market value of the Common Stock on the date of grant (or less than 110% of the fair market value in the case of incentive stock options granted to optionees holding more than 10% of our voting power). Options may not be granted for a term in excess of ten years. The 2007 Plan permits the following forms of payment of the exercise price of options: (i) payment by cash, check or in connection with a “cashless exercise” through a broker, (ii) subject to certain conditions, delivery to us of shares of Common Stock, (iii) any other lawful means approved by our Board of Directors, or (iv) any combination of these forms of payment.

Stock Appreciation Rights. A Stock Appreciation Right, or SAR, is an award entitling the holder, upon exercise, to receive an amount in Common Stock determined by reference to appreciation, from and after the date of grant, in the fair market value of a share of Common Stock. SARs may be granted independently or in tandem with an Option.

Restricted Stock Awards. Restricted Stock Awards entitle recipients to acquire shares of Common Stock, subject to our right to repurchase all or a portion of such shares from the recipient in the event that the conditions specified in the applicable Award are not satisfied prior to the end of the applicable restriction period established for such Award.

Restricted Stock Unit Awards. Restricted Stock Unit Awards entitle the recipient to receive shares of Common Stock to be delivered at the time such shares vest pursuant to the terms and conditions established by our Board of Directors.

Other Stock-Based Awards. Under the 2007 Plan, our Board of Directors has the right to grant other Awards based upon our Common Stock having such terms and conditions as our Board of Directors may determine, including the grant of shares based upon certain conditions, the grant of Awards that are valued in whole or in part by reference to, or otherwise based on, shares of Common Stock, and the grant of Awards entitling recipients to receive shares of Common Stock to be delivered in the future.

Performance Conditions. The Compensation Committee may determine, at the time of grant, that a Restricted Stock Award, Restricted Stock Unit Award, or Other Stock-Based Award granted to an officer will vest subject to the achievement of one or more objective performance measures, which shall be based on the relative or absolute attainment of specified levels of one or any combination of the following: (a) net income, (b) earnings before or after discontinued operations, interest, taxes, depreciation and/or amortization, (c) operating profit before or after discontinued operations and/or taxes, (d) sales, (e) sales growth, (f) earnings growth, (g) cash flow or cash position, (h) gross margins, (i) stock price, (j) market share, (k) return on sales, assets, equity or investment, (l) improvement of financial ratings, (m) achievement of balance sheet or income statement objectives or (n) total shareholder return, and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly, or otherwise situated. These performance measures may be absolute in their terms or measured against or in relationship to other companies comparably, similarly, or otherwise situated. Such performance goals may be adjusted to exclude any one or more of (i) extraordinary items, (ii) gains or losses on the dispositions of discontinued operations, (iii) the cumulative effects of changes in accounting principles, (iv) the writedown of any asset, and (v) charges for restructuring and rationalization programs. Such performance goals: (i) may vary by Participant and may be different for different Awards; (ii) may be particular to a Participant or the department, branch, line of business, subsidiary, or other unit in which the Participant works and may cover such period as may be specified by the Compensation Committee; and (iii) will be set by the Compensation Committee within the time period prescribed by, and will otherwise comply with the requirements of, Section 162(m).

Transferability of Awards

Except as our Board of Directors may otherwise determine or provide in an Award, Awards may not be sold, assigned, transferred, pledged, or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an incentive stock option, pursuant to a qualified domestic relations order. During the life of the Participant, Awards are exercisable only by the Participant.

Eligibility to Receive Awards

Our employees, officers, directors, consultants, and advisors, including those of our subsidiaries, are eligible to be granted Awards under the 2007 Plan. Under present law, however, incentive stock options may only be granted to our and our subsidiaries' employees.

The maximum number of shares with respect to which Awards may be granted to any participant under the 2007 Plan may not exceed 100,000 shares per calendar year. For purposes of this limit, the combination of an Option in tandem with SAR is treated as a single award.

Plan Benefits

As of March 31, 2009, approximately 1,500 persons were eligible to receive Awards under the 2007 Plan, including our four executive officers and five non-officer directors. The granting of Awards under the 2007 Plan is discretionary, and we cannot now determine the number or type of Awards to be granted in the future to any particular person or group.

The following table sets forth, as of April 20, 2009, the stock option and restricted stock grants made under the 2007 Plan since its adoption.

Administration

The 2007 Plan is administered by our Board of Directors. Our Board of Directors has the authority to adopt, amend, and repeal the administrative rules, guidelines, and practices relating to the 2007 Plan and to interpret the provisions of the 2007 Plan. Pursuant to the terms of the 2007 Plan, our Board of Directors may delegate authority under the 2007 Plan to one or more committees or subcommittees of our Board of Directors.

Subject to any applicable limitations contained in the 2007 Plan, our Board of Directors or any committee to whom our Board of Directors delegates authority, as the case may be, selects the recipients of Awards and determines (i) the number of shares of Common Stock covered by options and the dates upon which such options become exercisable, (ii) the exercise price of options (which may not be less than 100% of fair market value of the Common Stock), (iii) the duration of options (which may not exceed 10 years), and (iv) the number of shares of Common Stock subject to any SAR, restricted stock award, restricted stock unit award, or other stock-based Awards and the terms and conditions of such Awards, including conditions for repurchase, issue price, and repurchase price.

Our Board of Directors is required to make appropriate adjustments in connection with the 2007 Plan and any outstanding Awards to reflect stock splits, stock dividends, recapitalizations, spin-offs, and other similar changes in capitalization. The 2007 Plan also contains provisions addressing the consequences of any Reorganization Event, which is defined as (i) our merger or consolidation with or into another entity as a result of which all of our Common Stock is converted into or exchanged for the right to receive cash, securities, or other property, or is cancelled or (b) any exchange of all of our Common Stock for cash, securities, or other property pursuant to a share exchange transaction or (c) our liquidation or dissolution. In connection with a Reorganization Event, our Board of Directors will take any one or more of the following actions as to all or any outstanding Awards on such terms as our Board of Directors determines: (i) provide that Awards will be assumed, or substantially equivalent Awards will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), (ii) upon written notice, provide that all unexercised Options or other unexercised Awards will become exercisable in full and will terminate immediately prior to the consummation of such Reorganization Event unless exercised within a specified period following the date of such notice, (iii) provide that outstanding Awards will become exercisable, realizable, or deliverable, or restrictions applicable to an Award will lapse, in whole or in part prior to or upon such Reorganization Event, (iv) in the event of a Reorganization Event under the terms of which holders of Common Stock will receive upon consummation thereof a cash payment for each share surrendered in the Reorganization Event (the "Acquisition Price"), make or provide for a cash payment to an Award holder equal to (A) the Acquisition Price times the number of shares of Common Stock subject to the holder's Awards (to the extent the exercise price does not exceed the Acquisition Price) minus (B) the aggregate exercise price of all the holder's outstanding Awards and any applicable tax withholdings, in exchange for the termination of such Awards, (v) provide that, in connection with our liquidation or dissolution, Awards will convert into the right to receive liquidation proceeds (if applicable, net of the exercise price thereof and any applicable tax withholdings) and (vi) any combination of the foregoing.

If any Award expires or is terminated, surrendered, canceled, or forfeited, the unused shares of Common Stock covered by such Award will again be available for grant under the 2007 Plan, subject, however, in the case of incentive stock options, to any limitations under the Code.

Substitute Awards

In connection with a merger or consolidation of an entity with us or the acquisition by us of property or stock of an entity, our Board of Directors may grant Awards in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Awards may be granted on such terms, as our Board of Directors deems appropriate in the circumstances, notwithstanding any limitations on Awards contained in the 2007 Plan. Substitute Awards will not count against the 2007 Plan's overall share limit, except as may be required by the Code.

Provisions for Non U.S. Employees and Authorization of Sub-Plans

Our Board of Directors may modify Awards granted to Participants who are non U.S. citizens or residents employed outside the United States or establish subplans or procedures under the 2007 Plan to recognize differences in local law or tax policy.

Amendment or Termination

No Award may be made under the 2007 Plan after June 17, 2019, but Awards previously granted may extend beyond that date. Our Board of Directors may at any time amend, suspend, or terminate the 2007 Plan.

Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences that generally will arise with respect to Awards granted under the 2007 Plan. This summary is based on the federal tax laws in effect as of the date of this proxy statement. In addition, this summary assumes that all Awards are exempt from, or comply with, the rules under Section 409A of the Code regarding nonqualified deferred compensation. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options

A participant will not have income upon the grant of an incentive stock option. Also, except as described below, a participant will not have income upon exercise of an incentive stock option if the participant has been employed by us or our corporate parent or 50% or more-owned corporate subsidiary at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under “Non-statutory Stock Options.” The exercise of an incentive stock option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an incentive stock option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two years after the option was granted and more than one year after the option was exercised, then all of the profit will be long-term capital gain. If a participant sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be capital gain. This capital gain will be long-term if the participant has held the stock for more than one year and otherwise will be short-term. If a participant sells the stock at a loss (sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Non-statutory Stock Options

A participant will not have income upon the grant of a non-statutory stock option. A participant will have compensation income upon the exercise of a non-statutory stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Stock Appreciation Rights

A participant will not have income upon the grant of a stock appreciation right. A participant generally will recognize compensation income upon the exercise of a SAR equal to the fair market value of any stock received. Upon the sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the SAR was exercised. This capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Restricted Stock Awards

A participant will not have income upon the grant of restricted stock unless an election under Section 83(b) of the Code is made within 30 days of the date of grant. If a timely 83(b) election is made, then a participant will have compensation income equal to the value of the stock less the purchase price, if any. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. If the participant does not make an 83(b) election, then when the stock vests the participant will have compensation income equal to the value of the stock on the vesting date less the purchase price, if any. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Restricted Stock Units

A participant will not have income upon the grant of a restricted stock unit. A participant is not permitted to make a Section 83(b) election with respect to a restricted stock unit award. When the restricted stock unit vests, the participant will have income on the vesting date in an amount equal to the fair market value of the stock on the vesting date less the purchase price, if any. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Other Stock-Based Awards

The tax consequences associated with any other stock-based Award granted under the 2007 Plan will vary depending on the specific terms of such Award. Among the relevant factors are whether or not the Award has a readily ascertainable fair market value, whether or not the Award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the Award, and the participant's holding period and tax basis for the Award or underlying Common Stock.

Tax Consequences to the Company

There will be no tax consequences to the Company except that we will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

PROPOSAL THREE

APPROVAL OF AMENDMENT TO 1997 AMENDED AND RESTATED EMPLOYEE STOCK PURCHASE PLAN

The Board of Directors believes that the continued growth and profitability of the Company depends, in large part, upon the ability of the Company to maintain a competitive position in attracting and retaining key personnel. Accordingly, in 1997, the Company adopted the ESPP which permits eligible employees to purchase shares of the Company's Common Stock at a discounted price. On April 30, 2009, the Board of Directors adopted resolutions restating our ESPP in its entirety in order to include all previous amendments that received necessary board and stockholder approval and, subject to stockholder approval, the proposed amendment to increase the number of shares reserved for issuance under the plan from 837,500 to 937,500. The additional shares will be needed for future employee purchases.

As of March 31, 2009, 96,669 shares were available for issuance under the ESPP.

The Board of Directors believes that the approval of the amendment to the ESPP is in the best interests of the Company and its stockholders and recommends a vote "FOR" this proposal and the reservation of 100,000 shares of Common Stock for issuance thereunder.

Summary of the ESPP

The following is a brief summary of the ESPP as amended. The following summary is qualified in its entirety by reference to the ESPP as amended, a copy of which is attached as *Appendix B* to this Proxy Statement.

Administration and Eligibility

The ESPP is administered by the Board of Directors or the Compensation Committee, which has the authority to make rules and regulations for the administration of the ESPP. Each employee of the Company and its eligible subsidiaries, including any officer or director who is also an employee, is eligible to participate in the ESPP, provided he or she

- is employed by the Company or any eligible subsidiary on the applicable offering commencement date;
- is customarily employed by the Company or any eligible subsidiary for 20 or more hours per week and for more than five months in a calendar year; and
- has been employed by the Company or any eligible subsidiary for at least six months prior to enrolling in the ESPP. As of March 31, 2009, approximately 1,300 employees were eligible to participate in the ESPP.

An employee may not participate in the ESPP if, immediately after the grant, the employee would own stock, and/or hold outstanding options to purchase stock, equal to five percent (5%) or more of the total combined voting power or value of all classes of the Company's stock. Non-employee directors are not eligible to participate in this plan.

Offering Periods

The ESPP is implemented through a series of offerings, each of which is six months in length. Offerings will begin each January 1 and July 1, or the first business day thereafter. Participants in an offering purchase shares with funds set aside through payroll withholding.

Deductions

An employee may elect to have up to 10% of his or her pay withheld for purposes of purchasing shares under the ESPP, subject to certain limitations on the maximum number of shares that may be purchased. In no event may an employee's total payroll deductions during a calendar year exceed \$20,000.

Purchase of Shares

On the commencement date of each plan period, the Company will grant to each eligible employee who is then a participant in the plan an option to purchase on the last business day of such plan period the largest number of whole shares of Common Stock of the Company as does not exceed the number of shares determined by dividing \$12,500 (in the case of a six-month plan period) or \$25,000 (in the case of a one-year plan period) by the closing price on the offering commencement date of such plan period. The price of shares purchased pursuant to the ESPP is 95% of the closing price of the Company's Common Stock on the last business day of such plan period.

Adjustments for Changes in Capitalization and Reorganization Events

Appropriate adjustments will be made to the number of shares available under the ESPP and applicable purchase limitations in the event of a stock split, dividend or similar changes in the Company's capitalization.

In the event of a merger, the proposed sale of all or substantially all of the assets of the Company, or the proposed dissolution or liquidation of the Company during a plan period, our Board of Directors or the Compensation Committee is authorized to set a new exercise date before the date of such merger, asset sale, consolidation, dissolution or liquidation, upon which the plan period will end.

Amendment or Termination

The Board of Directors may at any time terminate or amend the ESPP, provided that no amendment may be made without prior approval of the stockholders of the Company if such approval is required by Section 423 of the Code, and in no event may any amendment be made which would cause the ESPP to fail to comply with Section 423 of the Code.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that will arise with respect to participation in the ESPP and with respect to the sale of common stock acquired under the ESPP. This summary is based on the tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

A participant will not have income upon enrolling in the ESPP or upon purchasing stock at the end of an offering.

A participant may have both compensation income and a capital gain or loss upon the sale of stock that was acquired under the ESPP. The amount of each type of income and loss will depend on when the participant sells the stock.

If the participant sells the stock more than two years after the commencement of the offering during which the stock was purchased and more than one year after the date that the participant purchased the stock at a profit (the sales proceeds exceed the purchase price), then the participant will have compensation income equal to the lesser of:

- 5% of the value of the stock on the day the offering commenced; or
- the participant's profit.

Any excess profit will be long-term capital gain. If the participant sells the stock at a loss (if sales proceeds are less than the purchase price) after satisfying these waiting periods, then the loss will be a long-term capital loss.

If the participant sells the stock prior to satisfying these waiting periods, then he or she will have engaged in a disqualifying disposition. Upon a disqualifying disposition, the participant will have compensation income equal to the value of the stock on the day he or she purchased the stock less the purchase price. If the participant's profit exceeds the compensation income, then the excess profit will be capital gain. If the participant's profit is less than the compensation income, then the participant will have a capital loss equal to the value of the stock on the day he or she purchased the stock less the sales proceeds. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Tax Consequences to the Company. There will be no tax consequences to the Company except that we will be entitled to a deduction when a participant has compensation income upon a disqualifying disposition. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

PROPOSAL FOUR

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has selected the firm of Deloitte & Touche LLP, an independent registered public accounting firm, to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2009. The ratification of this selection by the Audit Committee is not required under the laws of the State of Delaware, where we are incorporated, but the results of this vote will be

considered by the Audit Committee in selecting our independent registered public accounting firm. Deloitte & Touche LLP has served as our independent registered public accounting firm since 1984. It is expected that a member of Deloitte & Touche LLP will be present at the meeting with the opportunity to make a statement if so desired and will be available to respond to appropriate questions from stockholders.

Our Board of Directors recommends a vote “FOR” the ratification of the selection by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm.

Principal Accountant Fees and Services

The following table summarizes the fees Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their affiliates billed to us for each of the last two years. The Audit Committee of our Board of Directors believes that the non-audit services described below did not compromise Deloitte & Touche’s independence.

<u>Fee Category</u>	<u>2008</u>	<u>2007</u>
Audit Fees ⁽¹⁾	\$1,155,000	\$1,382,000
Tax Fees ⁽²⁾	159,000	178,000
All Other Fees ⁽³⁾	2,000	2,000
Total Fees	<u>\$1,316,000</u>	<u>\$1,562,000</u>

- (1) Audit fees consist of fees for the audit of financial statements, the audit of internal control over financial reporting, the review of the interim financial statements included in quarterly reports on Form 10-Q, and other professional services provided in connection with statutory and regulatory filings or engagements.
- (2) Tax fees consist of fees for tax compliance, tax advice, and tax planning services. Tax compliance services, which relate to preparation of original and amended tax returns, and claims for refunds and tax payment-planning services, accounted for \$125,000 of the total tax fees billed in 2008 and \$120,000 of the total tax fees billed in 2007. Tax advice and tax planning services relate to assistance with tax audits, employee benefit plans, and multi-state tax consulting.
- (3) All Other Fees consist of a fee for an accounting and audit-related subscription.

Pre-Approval Policies and Procedures

Our Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy generally provides that we will not engage an independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by our Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, our Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next twelve months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

Our Audit Committee may also delegate to each individual member of the Audit Committee the authority to approve any audit or non-audit services to be provided to us by our independent registered public accounting firm. Any approval of services by a member of our Audit Committee pursuant to this delegated authority is reported on at the next meeting of our Audit Committee.

Audit Committee Report

Our Audit Committee has reviewed our audited financial statements for the fiscal year ended December 31, 2008, and discussed them with our management and our registered public accounting firm.

The Audit Committee has also discussed with our registered public accounting firm various communications that our registered public accounting firm is required to provide to the Audit Committee, including the matters required to be discussed by the Statement on Auditing Standards No. 61, or SAS 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee was satisfied with this discussion.

SAS 61, as amended, requires our registered public accounting firm to discuss with our Audit Committee, among other things, the following:

- methods to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the registered public accounting firm's conclusions regarding the reasonableness of those estimates; and
- disagreements with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial statements.

Our Audit Committee has received the written disclosures and the letter from our registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed with our registered public accounting firm their independence. Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence, and engage in a discussion of independence. The Audit Committee concluded that our registered public accounting firm is independent.

Based on the review and discussions referred to above, the Audit Committee recommended to our Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2008.

Proposals of stockholders intended to be presented at the 2010 Annual Meeting of Stockholders must be received by us at our principal office in Merrimack, New Hampshire not later than December 31, 2009, for inclusion in the proxy statement for that meeting.

If a stockholder of our Company who holds less than 40% of the shares of our capital stock issued and outstanding and entitled to vote wishes to present a proposal before the 2009 Annual Meeting but has not complied with the requirements for inclusion of such proposal in our proxy materials pursuant to Rule 14a-8 under the Exchange Act, such stockholder must give timely notice of such proposal to our Secretary at our principal offices. The required notice must be delivered to or mailed and received at our principal executive offices not later than April 18, 2010 nor earlier than March 19, 2010. Patricia Gallup
*Chairman of the Board and
Chief Executive Officer*

WHETHER OR NOT YOU PLAN TO ATTEND, YOU ARE URGED TO COMPLETE, DATE, SIGN, AND RETURN THE ENCLOSED PROXY IN THE ACCOMPANYING ENVELOPE. PROMPT RESPONSE WILL GREATLY FACILITATE ARRANGEMENTS FOR THE MEETING, AND YOUR COOPERATION WILL BE APPRECIATED.

PC Connection, Inc.

2007 AMENDED AND RESTATED STOCK INCENTIVE PLAN

1. Purpose

The purpose of this 2007 Stock Incentive Plan (the “Plan”) of PC Connection, Inc., a Delaware corporation (the “Company”), is to advance the interests of the Company’s stockholders by enhancing the Company’s ability to attract, retain, and motivate persons who are expected to make important contributions to the Company and by providing such persons with equity ownership opportunities and performance-based incentives thereby better aligning the interests of such persons with those of the Company’s stockholders. Except where the context otherwise requires, the term “Company” shall include any of the Company’s present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder (the “Code”) and any other business venture (including, without limitation, joint venture or limited liability company) in which the Company has a controlling interest, as determined by the Board of Directors of the Company (the “Board”).

2. Eligibility

All of the Company’s employees, officers, directors, consultants, and advisors are eligible to be granted options, stock appreciation rights, restricted stock, restricted stock units, and other stock-based awards (each, an “Award”) under the Plan. Each person who is granted an Award under the Plan is deemed a “Participant”.

3. Administration and Delegation

- a) Administration by Board of Directors. The Plan will be administered by the Board. The Board shall have authority to grant Awards and to adopt, amend, and repeal such administrative rules, guidelines, and practices relating to the Plan as it shall deem advisable. The Board may construe and interpret the terms of the Plan and any Award agreements entered into under the Plan. The Board may correct any defect, supply any omission, or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem expedient to carry the Plan into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be made in the Board’s sole discretion and shall be final and binding on all persons having or claiming any interest in the Plan or in any Award. No director or person acting pursuant to the authority delegated by the Board shall be liable for any action or determination relating to or under the Plan made in good faith.
- b) Appointment of Committees. To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to one or more committees or subcommittees of the Board (a “Committee”). All references in the Plan to the “Board” shall mean the Board or a Committee or subcommittee of the Board or the officers referred to in Section 3(c) to the extent that the Board’s powers or authority under the Plan have been delegated to such Committee or officers.
- c) Delegation to Chief Executive Officer. To the extent permitted by applicable law, the Board may delegate to the Chief Executive Officer the power to grant Options and other Awards that constitute rights under Delaware law (subject to any limitations under the Plan) to employees or officers of the Company or any of its present or future subsidiary corporations and to exercise such other powers under the Plan as the Board may determine, provided that the Board shall fix the terms of the Awards to be granted by the Chief Executive Officer (including the exercise price of such Awards, which may include a formula by which the exercise price will be determined) and the maximum number of shares subject to Awards that the Chief Executive Officer may grant; provided further, however, that such officer shall not be authorized to grant Awards to any “executive officer” of the Company (as defined by Rule 3b-7 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)) or to any “officer” of the Company (as defined by Rule 16a-1 under the Exchange Act).

4. Stock Available for Awards

- a) Number of Shares. Subject to adjustment under Section 9, Awards may be made under the Plan for a number of shares of common stock, \$0.01 par value per share, of the Company (the “Common Stock”), equal to 700,000 shares of Common Stock. If any Award expires or is terminated, surrendered or canceled without having been fully exercised, is forfeited in whole or in part (including as the result of shares of Common Stock subject to such Award being repurchased by the Company at the original issuance price pursuant to a contractual repurchase right), results in any Common Stock not being issued, the unused Common Stock covered by such Award shall again be available for the grant of Awards under the Plan. Further, shares of Common Stock delivered to the Company by a Participant to exercise an Award shall be added to the number of shares of Common Stock available for the grant of Awards under the Plan. However, in the case of Incentive Stock Options (as hereinafter defined), the foregoing provisions shall be subject to any limitations under the Code. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.
- b) Sub-limits. Subject to adjustment under Section 9, the following sub-limit on the number of shares subject to Awards shall apply:
 - 1) Section 162(m) Per-Participant Limit. The maximum number of shares of Common Stock with respect to which Awards may be granted to any Participant under the Plan shall be 100,000 per calendar year. For purposes of the foregoing limit, the combination of an Option in tandem with a SAR (as each is hereafter defined) shall be treated as a single Award. The per-Participant limit described in this Section 4(b)(1) shall be construed and applied consistently with Section 162(m) of the Code or any successor provision thereto, and the regulations thereunder (“Section 162(m)”).
- c) Substitute Awards. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Awards in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Awards may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on Awards contained in the Plan. Substitute Awards shall not count against the overall share limit set forth in Section 4(a) or any sublimits contained in the Plan, except as may be required by reason of Section 422 and related provisions of the Code.

5. Stock Options

- a) General. The Board may grant options to purchase Common Stock (each, an “Option”) and determine the number of shares of Common Stock to be covered by each Option, the exercise price of each Option and the conditions and limitations applicable to the exercise of each Option, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable. An Option that is not intended to be, or is not otherwise qualified to be, an Incentive Stock Option (as hereinafter defined) shall be designated a “Nonstatutory Stock Option.”
- b) Incentive Stock Options. An Option that the Board intends to be an “incentive stock option” as defined in Section 422 of the Code (an “Incentive Stock Option”) shall only be granted to employees of PC Connection, Inc., any of PC Connection, Inc.’s present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Code, and any other entities the employees of which are eligible to receive Incentive Stock Options under the Code, and shall be subject to and shall be construed consistently with the requirements of Section 422 of the Code. The Company shall have no liability to a Participant, or any other party, if an Option (or any part thereof) that is intended to be an Incentive Stock Option is not an Incentive Stock Option or for any action taken by the Board, including without limitation the conversion of an Incentive Stock Option to a Nonstatutory Stock Option.
- c) Exercise Price. The Board shall establish the exercise price of each Option and specify such exercise price in the applicable option agreement; provided, however, that the exercise price shall be not less than 100% of the Fair Market Value (as defined below) of our stock on the date the Option is granted.

- d) Duration of Options. Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable option agreement; provided, however, that no Option will be granted for a term in excess of 10 years.
- e) Exercise of Option. Options may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Board, together with payment in full as specified in Section 5(f) for the number of shares for which the Option is exercised. Shares of Common Stock subject to the Option will be delivered by the Company following exercise either as soon as practicable or, subject to such conditions as the Board shall specify, on a deferred basis (with the Company's obligation to be evidenced by an instrument providing for future delivery of the deferred shares at the time or times specified by the Board).
- f) Payment Upon Exercise. Common Stock purchased upon the exercise of an Option granted under the Plan shall be paid for as follows:
 - 1) in cash or by check, payable to the order of the Company;
 - 2) except as may otherwise be provided in the applicable option agreement, by (i) delivery of an irrevocable and unconditional undertaking by a creditworthy broker to deliver promptly to the Company sufficient funds to pay the exercise price and any required tax withholding or (ii) delivery by the Participant to the Company of a copy of irrevocable and unconditional instructions to a creditworthy broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price and any required tax withholding;
 - 3) to the extent provided for in the applicable option agreement or approved by the Board, in its sole discretion, by delivery (either by actual delivery or attestation) of shares of Common Stock owned by the Participant valued at their fair market value as determined by (or in a manner approved by) the Board ("Fair Market Value"), provided (i) such method of payment is then permitted under applicable law, (ii) such Common Stock, if acquired directly from the Company, was owned by the Participant for such minimum period of time, if any, as may be established by the Board in its discretion and (iii) such Common Stock is not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements;
 - 4) to the extent permitted by applicable law and provided for in the applicable option agreement or approved by the Board, in its sole discretion, by payment of such other lawful consideration as the Board may determine; or
 - 5) by any combination of the above permitted forms of payment.
- g) Limitation on Repricing. Unless such action is approved by the Company's stockholders: (i) no outstanding Option granted under the Plan may be amended to provide an exercise price per share that is lower than the then-current exercise price per share of such outstanding Option (other than adjustments pursuant to Section 9) and (2) the Board may not cancel any outstanding option (whether or not granted under the Plan) and grant in substitution therefore new Awards under the Plan covering the same or a different number of shares of Common Stock and having an exercise price per share lower than the then-current exercise price per share of the cancelled option.

6. Stock Appreciation Rights

- a) General. The Board may grant Awards consisting of a Stock Appreciation Right ("SAR") entitling the holder, upon exercise, to receive an amount in Common Stock determined in whole or in part by reference to appreciation, from and after the date of grant, in the fair market value of a share of Common Stock. The date as of which such appreciation or other measure is determined shall be the exercise date.

- b) Grants. SARs may be granted in tandem with, or independently of, Options granted under the Plan.
 - 1) Tandem Awards. When SARs are expressly granted in tandem with Options, (i) the SAR will be exercisable only at such time or times, and to the extent, that the related Option is exercisable (except to the extent designated by the Board in connection with a Reorganization Event) and will be exercisable in accordance with the procedure required for exercise of the related Option; (ii) the SAR will terminate and no longer be exercisable upon the termination or exercise of the related Option, except to the extent designated by the Board in connection with a Reorganization Event and except that a SAR granted with respect to less than the full number of shares covered by an Option will not be reduced until the number of shares as to which the related Option has been exercised or has terminated exceeds the number of shares not covered by the SAR; (iii) the Option will terminate and no longer be exercisable upon the exercise of the related SAR; and (iv) the SAR will be transferable only with the related Option.
 - 2) Independent SARs. A SAR not expressly granted in tandem with an Option will become exercisable at such time or times, and on such conditions, as the Board may specify in the SAR Award.
- c) Grant Price. The grant price or exercise price of an SAR shall not be less than 100% of the Fair Market Value per share of Common Stock on the date of grant of the SAR.
- d) Term. The term of an SAR shall not be more than 10 years from the date of grant.
- e) Exercise. SARs may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Board, together with any other documents required by the Board.

7. Restricted Stock; Restricted Stock Units

- a) General. The Board may grant Awards entitling recipients to acquire shares of Common Stock (“Restricted Stock”), subject to the right of the Company to repurchase all or part of such shares at their issue price or other stated or formula price (or to require forfeiture of such shares if issued at no cost) from the recipient in the event that conditions specified by the Board in the applicable Award are not satisfied prior to the end of the applicable restriction period or periods established by the Board for such Award. Instead of granting Awards for Restricted Stock, the Board may grant Awards entitling the recipient to receive shares of Common Stock to be delivered at the time such shares of Common Stock vest (“Restricted Stock Units”) (Restricted Stock and Restricted Stock Units are each referred to herein as a “Restricted Stock Award”).
- b) Terms and Conditions for all Restricted Stock Awards. The Board shall determine the terms and conditions of a Restricted Stock Award, including the conditions for vesting and repurchase (or forfeiture) and the issue price, if any.
- c) Additional Provisions Relating to Restricted Stock.
 - 1) Dividends. Participants holding shares of Restricted Stock will be entitled to all ordinary cash dividends paid with respect to such shares, unless otherwise provided by the Board. If any such dividends or distributions are paid in shares, or consist of a dividend or distribution to holders of Common Stock other than an ordinary cash dividend, the shares, cash or other property will be subject to the same restrictions on transferability and forfeitability as the shares of Restricted Stock with respect to which they were paid. Each dividend payment will be made no later than the end of the calendar year in which the dividends are paid to shareholders of that class of stock or, if later, the 15th day of the third month following the date the dividends are paid to shareholders of that class of stock.

- 2) Stock Certificates. The Company may require that any stock certificates issued in respect of shares of Restricted Stock shall be deposited in escrow by the Participant, together with a stock power endorsed in blank, with the Company (or its designee). At the expiration of the applicable restriction periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Participant or if the Participant has died, to the beneficiary designated, in a manner determined by the Board, by a Participant to receive amounts due or exercise rights of the Participant in the event of the Participant's death (the "Designated Beneficiary"). In the absence of an effective designation by a Participant, "Designated Beneficiary" shall mean the Participant's estate.
- d) Additional Provisions Relating to Restricted Stock Units.
 - 1) Settlement. Upon the vesting of and/or lapsing of any other restrictions (i.e., settlement) with respect to each Restricted Stock Unit, the Participant shall be entitled to receive from the Company one share of Common Stock as provided in the applicable Award agreement. The Board may, in its discretion, provide that settlement of Restricted Stock Units shall be deferred, on a mandatory basis or at the election of the Participant in a manner that complies with Section 409A of the Internal Revenue Code ("Code Section 409A").
 - 2) Voting Rights. A Participant shall have no voting rights with respect to any Restricted Stock Units.
 - 3) Dividend Equivalents. To the extent provided by the Board, in its sole discretion, a grant of Restricted Stock Units may provide Participants with the right to receive an amount equal to any dividends or other distributions declared and paid on an equal number of outstanding shares of Common Stock ("Dividend Equivalents"). Dividend Equivalents may be paid currently or credited to an account for the Participants, may be settled in cash and/or shares of Common Stock and may be subject to the same restrictions on transfer and forfeitability as the Restricted Stock Units with respect to which paid, as determined by the Board in its sole discretion, subject in each case to such terms and conditions as the Board shall establish, in each case to be set forth in the applicable Award agreement.

8. Other Stock Based Awards

Other Awards of shares of Common Stock, and other Awards that are valued in whole or in part by reference to, or are otherwise based on, shares of Common Stock or other property, may be granted hereunder to Participants ("Other Stock Based Awards"), including without limitation Awards entitling recipients to receive shares of Common Stock to be delivered in the future. Such Other Stock Based Awards shall also be available as a form of payment in the settlement of other Awards granted under the Plan or as payment in lieu of compensation to which a Participant is otherwise entitled. Other Stock Based Awards may be paid in shares of Common Stock or cash, as the Board shall determine. Subject to the provisions of the Plan, the Board shall determine the terms and conditions of each Other Stock Based Award, including any purchase price applicable thereto.

9. Adjustments for Changes in Common Stock and Certain Other Events

- a) Changes in Capitalization. In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any dividend or distribution to holders of Common Stock other than an ordinary cash dividend, (i) the number and class of securities available under this Plan, (ii) the sub-limits set forth in Section 4(b), (iii) the number and class of securities and exercise price per share of each outstanding Option, (iv) the share- and per-share provisions and the exercise price of each SAR, (v) the number of shares subject to and the repurchase price per share subject to each outstanding Restricted Stock Award and (vi) the share- and per-share-related provisions and the purchase price, if any, of each outstanding Other Stock Based Award, shall be equitably adjusted by the Company (or substituted Awards may be made, if applicable) in the manner determined by the Board. Without limiting the

generality of the foregoing, in the event the Company effects a split of the Common Stock by means of a stock dividend and the exercise price of and the number of shares subject to such Option are adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), then an optionee who exercises an Option between the record date and the distribution date for such stock dividend shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon such Option exercise, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

b) Reorganization Events.

- 1) Definition. A “Reorganization Event” shall mean: (a) any merger or consolidation of the Company with or into another entity as a result of which all of the Common Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property or is cancelled, (b) any exchange of all of the Common Stock of the Company for cash, securities or other property pursuant to a share exchange transaction or (c) any liquidation or dissolution of the Company.
- 2) Consequences of a Reorganization Event on Awards Other than Restricted Stock Awards. In connection with a Reorganization Event, the Board shall take any one or more of the following actions as to all or any outstanding Awards other than Restricted Stock Awards on such terms as the Board determines: (i) provide that Awards shall be assumed, or substantially equivalent Awards shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), (ii) upon written notice to a Participant, provide that the Participant’s unexercised Options or other unexercised Awards will terminate immediately prior to the consummation of such Reorganization Event unless exercised by the Participant within a specified period following the date of such notice, (iii) provide that outstanding Awards shall become exercisable, realizable, or deliverable, or restrictions applicable to an Award shall lapse, in whole or in part prior to or upon such Reorganization Event, (iv) in the event of a Reorganization Event under the terms of which holders of Common Stock will receive upon consummation thereof a cash payment for each share surrendered in the Reorganization Event (the “Acquisition Price”), make or provide for a cash payment to a Participant equal to the excess, if any, of (A) the Acquisition Price times the number of shares of Common Stock subject to the Participant’s Options or other Awards (to the extent the exercise price does not exceed the Acquisition Price) over (B) the aggregate exercise price of all such outstanding Options or other Awards and any applicable tax withholdings, in exchange for the termination of such Options or other Awards, (v) provide that, in connection with a liquidation or dissolution of the Company, Awards shall convert into the right to receive liquidation proceeds (if applicable, net of the exercise price thereof and any applicable tax withholdings) and (vi) any combination of the foregoing. The Board shall not be required to treat holders of the same types of Awards in the same manner pursuant to this Section 9(b)(2).

For purposes of clause (i) above, an Option shall be considered assumed if, following consummation of the Reorganization Event, the Option confers the right to purchase, for each share of Common Stock subject to the Option immediately prior to the consummation of the Reorganization Event, the consideration (whether cash, securities or other property) received as a result of the Reorganization Event by holders of Common Stock for each share of Common Stock held immediately prior to the consummation of the Reorganization Event (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); provided, however, that if the consideration received as a result of the Reorganization Event is not solely common stock of the acquiring or succeeding corporation (or an affiliate thereof), the Company may, with the consent of the acquiring or succeeding corporation, provide for the consideration to be received upon the exercise of Options to consist solely of common stock of the acquiring or succeeding corporation (or an affiliate thereof) equivalent in value (as determined by the Board) to the per share consideration received by holders of outstanding shares of Common Stock as a result of the Reorganization Event.

- 3) Consequences of a Reorganization Event on Restricted Stock Awards. Upon the occurrence of a Reorganization Event other than a liquidation or dissolution of the Company, the repurchase and other rights of the Company under each outstanding Restricted Stock Award shall inure to the benefit of the Company's successor and shall, unless the Board determines otherwise, apply to the cash, securities or other property which the Common Stock was converted into or exchanged for pursuant to such Reorganization Event in the same manner and to the same extent as they applied to the Common Stock subject to such Restricted Stock Award. Upon the occurrence of a Reorganization Event involving the liquidation or dissolution of the Company, except to the extent specifically provided to the contrary in the instrument evidencing any Restricted Stock Award or any other agreement between a Participant and the Company, all restrictions and conditions on all Restricted Stock Awards then outstanding shall automatically be deemed terminated or satisfied.

10) General Provisions Applicable to Awards

- a) Transferability of Awards. Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an Incentive Stock Option, pursuant to a qualified domestic relations order, and, during the life of the Participant, shall be exercisable only by the Participant; provided, however, that the Board may permit or provide in an Award for the gratuitous transfer of the Award by the Participant to or for the benefit of any immediate family member, family trust or other entity established for the benefit of the Participant and/or an immediate family member thereof if, with respect to such proposed transferee, the Company would be eligible to use a Form S-8 for the registration of the sale of the Common Stock subject to such Award under the Securities Act of 1933, as amended; provided, further, that the Company shall not be required to recognize any such transfer until such time as the Participant and such permitted transferee shall, as a condition to such transfer, deliver to the Company a written instrument in form and substance satisfactory to the Company confirming that such transferee shall be bound by all of the terms and conditions of the Award. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.
- b) Documentation. Each Award shall be evidenced in such form (written, electronic or otherwise) as the Board shall determine. Each Award may contain terms and conditions in addition to those set forth in the Plan.
- c) Board Discretion. Except as otherwise provided by the Plan, each Award may be made alone or in addition or in relation to any other Award. The terms of each Award need not be identical, and the Board need not treat Participants uniformly.
- d) Termination of Status. The Board shall determine the effect on an Award of the disability, death, termination of employment, authorized leave of absence or other change in the employment or other status of a Participant and the extent to which, and the period during which, the Participant, or the Participant's legal representative, conservator, guardian or Designated Beneficiary, may exercise rights under the Award.
- e) Withholding. The Participant must satisfy all applicable federal, state, and local or other income and employment tax withholding obligations before the Company will deliver stock certificates or otherwise recognize ownership of Common Stock under an Award. The Company may decide to satisfy the withholding obligations through additional withholding on salary or wages. If the Company elects not to or cannot withhold from other compensation, the Participant must pay the Company the full amount, if any, required for withholding or have a broker tender to the Company cash equal to the withholding obligations. Payment of withholding obligations is due before the Company will issue any shares on exercise or release from forfeiture of an Award or, if the Company so requires, at the same time as is payment of the exercise price unless the Company determines otherwise. If provided for in an Award or approved by the Board in its sole discretion, a Participant may satisfy such tax obligations in whole or in

part by delivery of shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value; provided, however, except as otherwise provided by the Board, that the total tax withholding where stock is being used to satisfy such tax obligations cannot exceed the Company's minimum statutory withholding obligations (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income). Shares surrendered to satisfy tax withholding requirements cannot be subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements.

- f) Amendment of Award. Except as otherwise provided in Section 10(h) with respect to Performance Awards, the Board may amend, modify or terminate any outstanding Award, including but not limited to, substituting therefore another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided either (i) that the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant or (ii) that the change is permitted under Section 9 hereof.
- g) Conditions on Delivery of Stock. The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.
- h) Performance Awards.
 - 1) Grants. Restricted Stock Awards and Other Stock Based Awards under the Plan may be made subject to the achievement of performance goals pursuant to this Section 10(h) ("Performance Awards"), subject to the limit in Section 4(b)(1) on shares covered by such grants.
 - 2) Committee. Grants of Performance Awards to any Covered Employee intended to qualify as "performance-based compensation" under Section 162(m) ("Performance-Based Compensation") shall be made only by a Committee (or subcommittee of a Committee) comprised solely of two or more directors eligible to serve on a committee making Awards qualifying as "performance-based compensation" under Section 162(m). In the case of such Awards granted to Covered Employees, references to the Board or to a Committee shall be deemed to be references to such Committee or subcommittee. "Covered Employee" shall mean any person who is a "covered employee" under Section 162(m)(3) of the Code.
 - 3) Performance Measures. For any Award that is intended to qualify as Performance-Based Compensation, the Committee shall specify that the degree of granting, vesting and/or payout shall be subject to the achievement of one or more objective performance measures established by the Committee, which shall be based on the relative or absolute attainment of specified levels of one or any combination of the following: (a) net income, (b) earnings before or after discontinued operations, interest, taxes, depreciation and/or amortization, (c) operating profit before or after discontinued operations and/or taxes, (d) sales, (e) sales growth, (f) earnings growth, (g) cash flow or cash position, (h) gross margins, (i) stock price, (j) market share, (k) return on sales, assets, equity or investment, (l) improvement of financial ratings, (m) achievement of balance sheet or income statement objectives or (n) total shareholder return, and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated. Such performance measures may be adjusted to exclude any one or more of (i) extraordinary items, (ii) gains or losses on the dispositions of discontinued operations, (iii) the cumulative effects of changes in accounting principles, (iv) the writedown of any asset, and (v) charges for restructuring and rationalization programs. Such performance measures: (i) may vary by Participant and may be

different for different Awards; (ii) may be particular to a Participant or the department, branch, line of business, subsidiary or other unit in which the Participant works and may cover such period as may be specified by the Committee; and (iii) shall be set by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m). Awards that are not intended to qualify as Performance-Based Compensation may be based on these or such other performance measures as the Board may determine.

- 4) Adjustments. Notwithstanding any provision of the Plan, with respect to any Performance Award that is intended to qualify as Performance-Based Compensation, the Committee may adjust downwards, but not upwards, the number of Shares payable pursuant to such Award, and the Committee may not waive the achievement of the applicable performance measures except in the case of the death or disability of the Participant or a change in control of the Company.
- 5) Other. The Committee shall have the power to impose such other restrictions on Performance Awards as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for Performance-Based Compensation.

11) Miscellaneous

- a) No Right To Employment or Other Status. No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.
- b) No Rights As Stockholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder of such shares.
- c) Effective Date and Term of Plan. The Plan shall become effective on the date this Amended and Restated Plan is approved by the Company's stockholders (the "Effective Date"). No Awards shall be granted under the Plan after the completion of 10 years from the Effective Date, but Awards previously granted may extend beyond that date.
- d) Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time provided that (i) to the extent required by Section 162(m), no Award granted to a Participant that is intended to comply with Section 162(m) after the date of such amendment shall become exercisable, realizable or vested, as applicable to such Award, unless and until such amendment shall have been approved by the Company's stockholders if required by Section 162(m) (including the vote required under Section 162(m)); (ii) no amendment that would require stockholder approval under the rules of the NASDAQ Stock Market ("NASDAQ") may be made effective unless and until such amendment shall have been approved by the Company's stockholders; and (iii) if the NASDAQ amends its corporate governance rules so that such rules no longer require stockholder approval of "material amendments" to equity compensation plans, then, from and after the effective date of such amendment to the NASDAQ rules, no amendment to the Plan (A) materially increasing the number of shares authorized under the Plan (other than pursuant to Sections 4(c) or 9), (B) expanding the types of Awards that may be granted under the Plan, or (C) materially expanding the class of participants eligible to participate in the Plan shall be effective unless stockholder approval is obtained. In addition, if at any time the approval of the Company's stockholders is required as to any other modification or amendment under Section 422 of the Code or any successor provision with respect to Incentive Stock Options, the Board may not effect such modification or amendment without such approval. No Award shall be made that is conditioned upon stockholder approval of any amendment to the Plan.
- e) Authorization of Sub-Plans. The Board may from time to time establish one or more sub-plans under the Plan for purposes of satisfying applicable securities or tax laws of various jurisdictions. The Board shall establish such sub-plans by adopting supplements to the Plan containing (i) such limitations on

the Board's discretion under the Plan as the Board deems necessary or desirable or (ii) such additional terms and conditions not otherwise inconsistent with the Plan as the Board shall deem necessary or desirable. All supplements adopted by the Board shall be deemed to be part of the Plan, but each supplement shall apply only to Participants within the affected jurisdiction and the Company shall not be required to provide copies of any supplement to Participants in any jurisdiction which is not the subject of such supplement.

- f) Non U.S. Employees. Awards may be granted to Participants who are non-U.S. citizens or residents employed outside the United States, or both, on such terms and conditions different from those applicable to Awards to Participants employed in the United States as may, in the judgment of the Board, be necessary or desirable in order to recognize differences in local law or tax policy. The Board also may impose conditions on the exercise or vesting of Awards in order to minimize the Board's obligation with respect to tax equalization for Participants on assignments outside their home country. The Board may approve such supplements to or amendments, restatements or alternative versions of the Plan as it may consider necessary or appropriate for such purposes, without thereby affecting the terms of this Plan as in effect for any other purpose, and the Secretary or other appropriate officer of the Company may certify any such document as having been approved and adopted in the same manner as this Plan.
- g) Compliance with Section 409A of the Code. Except as provided in individual Award agreements initially or by amendment, if and to the extent any portion of any payment, compensation or other benefit provided to a Participant in connection with his or her employment termination is determined to constitute "nonqualified deferred compensation" within the meaning of Section 409A of the Code and the Participant is a specified employee as defined in Section 409A(a)(2)(B)(i) of the Code, as determined by the Company in accordance with its procedures, by which determination the Participant (through accepting the Award) agrees that he or she is bound, such portion of the payment, compensation or other benefit shall not be paid before the day that is six months plus one day after the date of "separation from service" (as determined under Code Section 409A) (the "New Payment Date"), except as Code Section 409A may then permit. The aggregate of any payments that otherwise would have been paid to the Participant during the period between the date of separation from service and the New Payment Date shall be paid to the Participant in a lump sum on such New Payment Date, and any remaining payments will be paid on their original schedule.

The Company makes no representations or warranty and shall have no liability to the Participant or any other person if any provisions of or payments, compensation or other benefits under the Plan are determined to constitute nonqualified deferred compensation subject to Code Section 409A but do not satisfy the conditions of that section.

- h) Limitations on Liability. Notwithstanding any other provisions of the Plan, no individual acting as a director, officer, other employee, or agent of the Company will be liable to any Participant, former Participant, spouse, beneficiary, or any other person for any claim, loss, liability, or expense incurred in connection with the Plan, nor will such individual be personally liable with respect to the Plan because of any contract or other instrument he or she executes in his or her capacity as a director, officer, other employee, or agent of the Company. The Company will indemnify and hold harmless each director, officer, other employee, or agent of the Company to whom any duty or power relating to the administration or interpretation of the Plan has been or will be delegated, against any cost or expense (including attorneys' fees) or liability (including any sum paid in settlement of a claim with the Board's approval) arising out of any act or omission to act concerning this Plan unless arising out of such person's own fraud or bad faith.
- i) Governing Law. The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the State of Delaware, excluding choice-of-law principles of the law of such state that would require the application of the laws of a jurisdiction other than such state.

Amended and Restated 1997 Employee Stock Purchase Plan

The purpose of this Plan is to provide eligible employees of PC Connection, Inc., a Delaware corporation (the “Company”), and certain of its U.S. subsidiaries with opportunities to purchase shares of the Company’s common stock, \$.01 par value per share (the “Common Stock”), commencing on January 1, 1999. Nine Hundred Thirty-Seven Thousand Five Hundred (937,500) shares of Common Stock in the aggregate have been reserved for this purpose.

1. Administration. The Plan will be administered by the Company’s Board of Directors (the “Board”) or by the Compensation Committee appointed by the Board (the “Committee”). The Board or the Committee has authority to make rules and regulations for the administration of the Plan, to determine any brokerage and other fees to be paid or subsidized by the Company, and to determine the number of shares in each Offering; its interpretation and decisions with regard thereto shall be final and conclusive.
2. Eligibility. Participation in the Plan will neither be permitted nor denied contrary to the requirements of Section 423 of the Internal Revenue Code of 1986, as amended (the “Code”), and regulations promulgated thereunder. All employees of the Company, including Directors who are employees, and all employees of any subsidiary of the Company (as defined in Section 424(f) of the Code) designated by the Board or the Committee from time to time (a “Designated Subsidiary”), are eligible to participate in any one or more of the offerings of Options (as defined in Section 9) to purchase Common Stock under the Plan provided that:
 - (a) they are customarily employed by the Company or a Designated Subsidiary for more than 20 hours a week and for more than five months in a calendar year; and
 - (b) they have been employed by the Company or a Designated Subsidiary for at least six months prior to enrolling in the Plan; and
 - (c) they are employees of the Company or a Designated Subsidiary on the first day of the applicable Plan Period (as defined below).

No employee may be granted an option hereunder if such employee, immediately after the option is granted, owns 5% or more of the total combined voting power or value of the stock of the Company or any subsidiary. For purposes of the preceding sentence, the attribution rules of Section 424(d) of the Code shall apply in determining the stock ownership of an employee, and all stock which the employee has a contractual right to purchase shall be treated as stock owned by the employee.

3. Offerings. The Company will make one or more offerings (each, an “Offering”) to employees to purchase shares of Common Stock under this Plan. Offerings will begin each January 1 and July 1, or the first business day thereafter (the “Offering Commencement Dates”). Each Offering Commencement Date will begin a six-month or one-year period (a “Plan Period”) during which payroll deductions will be made and held for the purchase of Common Stock at the end of the Plan Period.
4. Participation. An employee eligible on the Offering Commencement Date of any Offering may participate in such Offering by completing and forwarding a payroll deduction authorization form to the employee’s appropriate payroll office, or in any other manner determined to be appropriate by the Board or the Committee (“Appropriate Authorization”), at least ten (10) days prior to the applicable Offering Commencement Date. The Appropriate Authorization will authorize a regular payroll deduction from the Compensation received by the employee during the Plan Period. Unless an employee notifies the Company of a new Appropriate Authorization or withdraws from the Plan, his deductions and purchases will continue at the same rate for future Offerings under the Plan as long as the Plan remains in effect. The term “Compensation” means the amount of money reportable on the employee’s Federal Income Tax Withholding Statement, excluding allowances and reimbursements for expenses such as relocation allowances, travel expenses, income or gains on the exercise of Company stock options or stock appreciation rights, whether or not shown on the employee’s Federal Income Tax Withholding Statement, but including, in the case of salespersons, sales commissions.

5. Deductions. The Company will maintain payroll deduction accounts for all participating employees. With respect to any Offering made under this Plan, an employee may authorize a payroll deduction in any dollar amount up to a maximum of 10% of the Compensation he receives during the Plan Period. In no event may an employee's total payroll deductions during a calendar year exceed \$20,000. The minimum payroll deduction is such percentage of Compensation as may be established from time to time by the Board or the Committee.

No employee may be granted an Option (as defined in Section 9) which permits his rights to purchase Common Stock under this Plan and any other employee stock purchase plan (as defined in Section 423(b) of the Code) of the Company and its subsidiaries, to accrue at a rate which exceeds \$25,000 of the fair market value of such Common Stock (determined as of the last business day of the Plan Period) for each calendar year in which the Option is outstanding at any time.

6. Deduction Changes. An employee may increase, decrease or discontinue his or her payroll deduction once during any Plan Period, by effecting a new Appropriate Authorization. If an employee elects to discontinue his or her payroll deductions during a Plan Period, but does not elect to withdraw his or her funds pursuant to Section 8 hereof, funds deducted prior to his or her election to discontinue will be applied to the purchase of Common Stock on the Exercise Date (as defined below).
7. Interest. Interest will not be paid on any employee accounts.
8. Withdrawal of Funds. An employee may at any time prior to the close of business on the last business day in a Plan Period and for any reason permanently draw out the balance accumulated in the employee's account and thereby withdraw from participation in an Offering. Partial withdrawals are not permitted. Any employee who withdraws from participation in an Offering shall not be permitted to participate in the Plan again until the start of the next Plan Period.
9. Purchase of Shares. On the Offering Commencement Date of each Plan Period, the Company will grant to each eligible employee who is then a participant in the Plan an option ("Option") to purchase on the last business day of such Plan Period (the "Exercise Date"), at the Option Price hereinafter provided for, the largest number of whole shares of Common Stock of the Company as does not exceed the number of shares determined by dividing \$12,500 (in the case of a six-month Plan Period) or \$25,000 (in the case of a one-year Plan Period) by the closing price (as defined below) on the Offering Commencement Date of such Plan Period.

The purchase price for each share purchased will be 95% of the closing price of the Common Stock on the Exercise Date. Such closing price shall be (a) the closing price on any national securities exchange on which the Common Stock is listed, (b) the closing price of the Common Stock on the Nasdaq National Market or (c) the average of the closing bid and asked prices in the over-the-counter-market, whichever is applicable, as published in The Wall Street Journal. If no sales of Common Stock were made on such a day, the price of the Common Stock for purposes of clauses (a) and (b) above shall be the reported price for the next preceding day on which sales were made.

Each employee who continues to be a participant in the Plan on the Exercise Date shall be deemed to have exercised his or her Option at the Option Price on such date and shall be deemed to have purchased from the Company the number of full shares of Common Stock reserved for the purpose of the Plan that his or her accumulated payroll deductions on such date will pay for, but not in excess of the maximum number determined in the manner set forth above.

Any balance remaining in an employee's payroll deduction account at the end of a Plan Period will be automatically refunded to the employee, except that any balance which is less than the purchase price of one share of Common Stock will be carried forward into the employee's payroll deduction account for the following Offering, unless the employee elects not to participate in the following Offering under the Plan, in which case the balance in the employee's account shall be refunded.

10. Issuance of Certificates. Certificates representing shares of Common Stock purchased under the Plan may be issued only in the name of the employee, in the name of the employee and another person of

legal age as joint tenants with rights of survivorship, or (in the Company's sole discretion) in the name of a brokerage firm, bank or other nominee holder designated by the employee. The Company may, in its sole discretion and in compliance with applicable laws, authorize the use of book entry registration of shares in lieu of issuing stock certificates.

11. Rights on Retirement, Death or Termination of Employment. In the event of a participating employee's termination of employment prior to the last business day of a Plan Period, no payroll deduction shall be taken from any pay due and owing to an employee and the balance in the employee's account shall be paid to the employee or, in the event of the employee's death, (a) to a beneficiary previously designated in a revocable notice signed by the employee (with any spousal consent required under state law) or (b) in the absence of such a designated beneficiary, to the executor or administrator of the employee's estate or (c) if no such executor or administrator has been appointed to the knowledge of the Company, to such other person(s) as the Company may, in its discretion, designate.
12. Optionees Not Stockholders. Neither the granting of an Option to an employee nor the deductions from his or her pay shall constitute such employee a stockholder of the shares of Common Stock covered by an Option under this Plan until such shares have been purchased by and issued to him or her.
13. Rights Not Transferable. Rights under this Plan are not transferable by a participating employee other than by will or the laws of descent and distribution, and are exercisable during the employee's lifetime only by the employee.
14. Application of Funds. All funds received or held by the Company under this Plan may be combined with other corporate funds and may be used for any corporate purpose.
15. Adjustment in Case of Changes Affecting Common Stock. In the event of a subdivision of outstanding shares of Common Stock, or the payment of a dividend in Common Stock, the number of shares reserved for issuance under this Plan, the number of shares issuable in any Offering, and the share limitation set forth in Section 9, shall be increased proportionately, and such other adjustment shall be made as may be deemed equitable by the Board or the Committee. In the event of any other change affecting the Common Stock, such adjustment shall be made as may be deemed equitable by the Board or the Committee to give proper effect to such event.
16. Merger. In the event of a proposed sale of all or substantially all of the assets of the Company or a merger or consolidation of the Company with or into another corporation (other than a merger in which the Company is the surviving corporation and the holders of the capital stock of the Company immediately prior to such merger continue to hold at least 50% by voting power of the capital stock of the Company) or the proposed dissolution or liquidation of the Company during a Plan Period, the Board or the Committee shall set a new Exercise Date (the "New Exercise Date") for such Plan Period, and such Plan Period shall end on the New Exercise Date. The New Exercise Date shall be before the date of such asset sale, merger, consolidation, dissolution or liquidation. The Board or the Committee shall send written notice to each employee participating in the Offering for such Plan Period, at least ten business days prior to the New Exercise Date, that the Exercise Date for such Offering has been changed to the New Exercise Date and that the employee's Option shall be exercised automatically on the New Exercise Date, unless prior to such date the employee has withdrawn from such Offering as provided in Section 8 hereof.
17. Amendment of the Plan. The Board may at any time, and from time to time, amend this Plan in any respect, except that (a) if the approval of any such amendment by the shareholders of the Company is required by Section 423 of the Code, such amendment shall not be effected without such approval, and (b) in no event may any amendment be made which would cause the Plan to fail to comply with Section 423 of the Code.
18. Insufficient Shares. In the event that the total number of shares of Common Stock specified in elections to be purchased under any Offering plus the number of shares purchased under previous Offerings under this Plan exceeds the maximum number of shares issuable under this Plan, the Board or the

Committee will allot the shares then available on a pro rata basis. Any balance remaining in an employee's payroll deduction account at the end of a Plan Period due to an insufficiency of shares will be refunded to the employee without interest.

19. Termination of the Plan. This Plan may be terminated at any time by the Board. Upon termination of this Plan all amounts in the accounts of participating employees shall be promptly refunded.
20. Governmental Regulations. The Company's obligation to sell and deliver Common Stock under this Plan is subject to listing on a national stock exchange or quotation on the Nasdaq National Market and the approval of all governmental authorities required in connection with the authorization, issuance or sale of such stock.
21. Governing Law. The Plan shall be governed by New Hampshire law except to the extent that such law is preempted by federal law.
22. Issuance of Shares. Shares may be issued upon exercise of an Option from authorized but unissued Common Stock, from shares held in the treasury of the Company, or from any other proper source.
23. Notification upon Sale of Shares. Each employee agrees, by entering the Plan, to promptly give the Company notice of any disposition of shares purchased under the Plan where such disposition occurs within two years after the date of grant of the Option pursuant to which such shares were purchased.
24. Effective Date and Approval of Shareholders. The Plan shall take effect on January 1, 1999, but is subject to approval by the stockholders of the Company as required by Section 423 of the Code, which approval must occur within twelve months of the adoption of the Plan by the Board.
